Disclaimer

Statements in this report that describe the Company's objectives, projections, estimates, expectations or predictions of the future may be 'forward-looking statements' within the meaning of the applicable securities laws and regulations. The Company cautions that such statements involve risks and uncertainty and that actual results could differ materially from those expressed or implied. Important factors that could cause differences include raw materials' cost or availability, cyclical demand and pricing in the Company's principal markets, changes in government regulations, economic developments within the countries in which the Company conducts business, and other factors relating to the Company's operations, such as litigation, labour negotiations and fiscal regimes. Some of the images used in this report are purely for illustrative purposes only and hence they are not the photos/images of our facilities, products or of any such nature/kind.

Excellence feels better when it's nurtured closer to home!

We are being driven by quality, reliability and performance backed by our indigenous capabilities. Our foothold in the aerospace and defense sectors has made us stronger in our attempts of harnessing indigenous technologies in creating and delivering market-leading solutions that further leverage our position and help us to stride further towards our goal of consistent and sustainable growth!

APOLLO MICRO SYSTEMS AT A GLANCE

Apollo Micro Systems Limited (referred as 'AMS'), is the pioneer of design, development and assembly of electronic and electro mechanical solutions, providing solutions that are specific to customers across the globe.

Since of inception, in 1985, we have constantly pushed our boundaries of innovation and technology to work at the forefront of delivering solutions to defence, space and homeland security sectors. Through our ground-breaking products and services, we are relentlessly committed to meet our customer needs while making the world a safer place.

Vision

To emerge as a world-class company
and a unique solution provider with
"Total Solutions Under One Roof"

OUR SOLUTIONS

We thrive to deliver market-leading end-to-end design and solutions leveraging our strong market position in aerospace and defense & space. We also have a growing market presence in non-defense sectors such as Railways, Automotive and homeland security markets. At AMS, we believe that the key to success is innovation for

Avionics

We conceptualize, design, manufacture and support avionic system equipment which include engine and flight controls and cockpit systems, together with aftermarket support services. We provide innovative solutions that are configured to suit all avionic system requirement of our customers by leveraging our knowledge, skills and technological capabilities.

Aerospace

We provide technologically advanced and intelligent solutions including highly critical on-board system, Integrated avionics modules, PCM Encoders, electro mechanical Actuators and ground based system for the aerospace sector. AMS is known for being at the forefront of the industry, constantly meeting the dynamic needs in the aerospace sector. Our investment towards research and development is aimed at broadening our offerings while raising the bar on safety, performance and efficiency.

Naval

We offer On-Board solutions for Torpedoes, Submarines, Ships and Decoys. We have diversified product range in naval system which include Homming Electronics & Signal Processing Systems for Weapons, SONAR Power Transmitters, Power Supplies for Weapons, Submarines and Ships, Expendable Decoys, Submarine electronics, Anti-submarine warfare and Decoy launchers. Our capabilities under the segment enables us to design, build and manage resilient products for our customers.

better and safer tomorrow. Thus, across all our verticals, we constantly put efforts right from developing new and more efficient products, to how we can leverage our capabilities to deliver insight-based solutions, through to pioneering disruptive innovations that will help to shape the future of defence, space and security sectors.

Ground Defence

We indulge in designing and development of rugged electronics and ground based military electronics through our in-depth knowledge and expertise of hardware designing enabling us to deliver cutting-edge and reliable products for military application.

Homeland Security

To ensure safety of billions of people, our homeland security system engages in developing solutions that productively captures the scenes of crime and culprits in real time or near real time basis through IMINT algorithms. Our offering includes GPS based vehicle tracking system, integrated surveillance systems consisting of Perimeter Intrusion Detection System, RFID, CCTV, Automatic Vehicle location system and boom barriers.

Space system

From Telemetry systems, Post-test data processing, Payload checkout systems and Antenna control systems, AMS's space capabilities are enabling a wide variety of space missions. Our solutions ensure stringent quality requirements meeting multi-mission requirement using state-of-the-art technologies.

CHAIRMAN'S MESSAGE

Dear Shareholders,

In the fiscal 2018-19, AMS posted splendid results amidst challenging macroeconomic scenario. Our technological capabilities form the bedrock of our vision to produce products that meet our customers' dynamic needs. I am pleased to report that it has been a fruitful first full year since our listing and we continue to report sustained operational and financial results.

We have recorded a notable growth, in a year that was marked by a range of challenges including geopolitical tensions, trade war between the US and China, rising debt-level in emerging markets and developing economies and liquidity crunch, which led to softening of global economic growth. While the Indian economy continues to emerge as the fastest growing major economy despite the headwinds. The Government of India (GoI) continues to introduce reforms to boost the growth and propel the country's economic worth to US\$ 5 trillion by 2025 from its current value of US\$ 2.7 trillion.

Looking ahead to FY 2020, the Company is well positioned to continue to deliver outstanding products and solutions to our customers, superior returns to our shareholders, higher production and a growing trust among our customers.

The GoI has been emphasising strongly on 'Make in India' along with 'Buy (Indian- IDDM)', 'Buy (Indian)' and 'Buy and Make (Indian)' over 'Buy (Global)'. This presents a huge growth impetus to ESDM like us. With rising awareness about India's capabilities being an alternate to China for Quality Electronic Systems is opening opportunities in the global market where the demand and supply gap is widening.

In alignment with the growing opportunities in domestic and overseas market, at AMS, we have increased our capacities, operational efficiencies and invested in strengthening our R&D capabilities. These measures will further strengthen our financial performance and create sustained value for our stakeholders.

An integral part of our business model is to ensure a holistic sustainable growth. We, at AMS, make sincere contribution to give back to the local communities in which we operate. We continue to work in multiple areas of interest to empower lives of people and make a positive difference.

Lastly, I also take this opportunity to thank all the shareholders for their continuous support and trust. I would also like to appreciate and thank the management team for their dedication and hard work. Looking ahead to FY 2020, the Company is well positioned to continue to deliver outstanding products and solutions to our customers, superior returns to our shareholders, higher production and a growing trust among our customers. We look forward to another exciting year in rapidly changing landscape and create value for our stakeholders, consistently.

Raghu Pathy Goud Theegala

Chairman & Independent Director

MESSAGE FROM THE MANAGING DIRECTOR

I am pleased to report that in FY 2019 we took advantage of the opportunities that came our way while continuing to execute our growth strategies, capping of a successful year.

Over three decades since our inception, we have successfully navigated economic cycles, returned to growth and invested to build a sustainable entity. I am pleased to report that in FY 2019 we took advantage of the opportunities that came our way while continuing to execute our growth strategies, capping of a successful year.

During the year under review, we reported a growth of 19.28% in top line to ₹26,297 lakhs as against ₹22,046 lakhs in the previous year. While, the EBITDA registered an increase of 4.29% to ₹5,165 lakhs in FY 2019 from ₹4,953 in FY 2018. We strengthened our profitability with an increased operating performance, with PAT at ₹2,911 lakhs as compared to ₹1,916 lakhs in the previous year.

On the balance sheet front, we maintained a healthy debt-equity ratio of 8.13x as on 31st March, 2019. Our integrated business model serves as a driving force for our profitable growth backed by our efficiencies resulting in a healthy working capital and higher interest cover ratio.

Our diverse product portfolio have helped us widen our client basket and increase our share of revenue among the existing clients as well. Thus, we have established our brand that brings us balance in terms of revenue, cross subsidisation between various segments and customer categories, mitigate market uncertainties and partner in nation building. Our joint ventures and technological collaborations with global and domestic players further enable us to deliver globally benchmarked products to our customers.

With our enhanced focus on providing high-value added products, we plan to focus on creating cost-effective, best-value solutions that meet our diverse customer requirements.

We are in the phase of continuously evolving with new opportunities by increasing our offerings across all the segments like Homeland security, Aviation, Aerospace, Avionics, Defence and naval.

Our strategy to sustained future is to foray into the overseas market, enter into new development projects and adopt critical technologies which have future business potential. The emphasis laid down by GoI on Defence exports marks a significant step that will only ensure a sustained business growth for our company. Along with our strong presence in Indian Defence Industry and more so in Indigenous Defence Programmes, we are striving to increase our market presence in non-defence sector such as Homeland security markets.

Going forward, we expect to continue our growth trajectory by innovating and offering new and improved products to our customers. We aspire growth not just in revenue, but also in operating activities fuelled by our technological competencies. Our priority will be to develop new front-line products that can create niche market leadership for us in the industry, diversifying across wide customer segments.

At AMS, we feel optimistic about our ability to continue to grow in both domestic and international markets. Our success in FY 2019 would not have been possible without the strong commitment and hardwork of our team members. We are looking forward to another successful year for AMS in FY 2020, taking the Company to even greater heights of success.

OUR BUSINESS MODEL

**What is the value we create**

- Organize training and development sessions
- Provide an inclusive workplace
- Enable a strong sense of purpose
- Provide quality products at competitive cost
- Provide enhanced performance and reliable products
- Sustain growth in revenue and profitability
- Optimize assets
- Communicate effectively
- Increase earnings per share
- Be a part of country's economic growth
- Invest in community development and well-being of the people
- Reduce environment footprint
- Strengthen corporate governance practices
- Adopting fair trade practises and timely payment of dues

KINGDOMS ARE BUILT WITH EMPIRES ARE BUILT WITH **A** RMY LLIANCES

In line with rising opportunities in the domestic and overseas markets and favourable government initiatives to propel sustained growth curve across all the verticals of our business, we are increasing our technological capabilities through alliances & partnerships. At AMS, we are entering into business partnership / alliances with global technology partners to augment our capabilities with world class matured technologies. This strategy will enable us to expand our product and solution offerings with new and improved products / solutions across all our verticals.

Our Business Alliances:

Avionics

AMS joined hands with **P2M Aviation Sagl**, Switzerland to foray into Aviation Sector by introducing Canard Class Fixed Wing twin engine Trainer Aircraft.

We have entered into partnership with **Steadicopter Limited**, Israel to introduce Light weight Rotary unmanned aerial Vehicle for Surveillance, Reconnaissance and maritime applications.

Homeland Security

To further compliment our Homeland Security Solutions, we signed a distribution agreement with **Novoquad Inc.** Through this, we are offering our customers an array of products such as Anti-Drone System, Bomb/RF Jamming System, See Through Wall Radar System, Wi-Fi Interception System, Cellular Interception System and X-Ray inspection in the domestic market.

Encourage Indigenously Designed, Developed and Manufactured (IIDDM) products made in India for defence equipment

In defence sector to increase with larger acceptance of defense goods and equipment in international market

(including China, Japan, India, South Korea, Taiwan, Australia, Rest of Asia-Pacific) is the second largest market of Homeland Security in 2018 on account of presence of key companies into the region and high technological advancement.

AMS positioned to capitalise on the growing demand with...

Our strong corporate governance

Our values of innovation, trust and commitment to customers are at the heart of everything we do and provide the right focus and framework to build a strong corporate governance framework

Our technology

At AMS, we closely monitor the changes in the technological landscape with a focus on innovation and engineering excellence, prioritising and investing in next-generation research and development programmes to deliver competitive solutions that exceed customer expectations.

Our state-of-the-art manufacturing facilities

Our Investment in advanced manufacturing facilities and techniques are aimed at increasing our operational excellence with safety as a key priority. We leverage the scale of our facilities to intake bulk and small orders from domestic as well as overseas customers.

Our people

We have a diverse and talented group of employees from various fields of work. We invest regularly in training and development programs for our employees to enhance their skills and knowledge

Our strong R&D base

Our Research and development team constantly monitors the changing needs and preferences of our consumers to provide competitive services that add value. Our strong presence in R&D gives us a competitive edge over our competitors.

A BRAND THAT IS TRUSTED

AMS stands for developing and designing high-quality products and innovative solutions applying cutting-edge technology to address complex customer challenges across Aerospace, Defence, Space, Home Land Security & Transportation.

In order to spread this message as well as increase awareness about our capabilities, demonstrate the versatility of our products and generate demand, we participated in many fairs and trade expos. This strategy has enabled us to enhance our visibility and order inflow in domestic as well as global market. Participation in such events also enhanced the value creation of our Brand.

During FY 2018-19, we participated in AERO INDIA SHOW, Bengaluru and AERODEF India Manufacturing 2019 Expo, Hyderabad which provided us with a great platform and opportunity to showcase our products and capabilities. Recently, we also participated in 5th International Police Expo, New Delhi where in we had launched our new Home Land Security solutions and offerings.

Training and development

We want all our employees to work at their full potential, evolving their skills to meet our customer’s requirement, gain insights about changing market conditions. To achieve the same, we organize a series of training and development of programs which in turn enables them to take positive strides in their career.

Employee engagement

One of the prime focus at AMS is employee engagement in terms of connecting employees to our strategy and purpose and empowering them to contribute to growth of the business. We organize various seminars and training programs wherein employees can connect with the senior management.

MAKING A POSITIVE IMPACT

Giving back to the communities in which we operate and to charities that have meaning to our business is important for us. We always try to make a positive difference and have an impact where it counts. During the year under review, we contributed ₹74 lakhs to local, national and charities and not-for-profit organisations through our CSR activities.

Our corporate social responsibilities activities are centred around areas that include the following:

Support women, children and differently abled people

Eradicate hunger by conducting mid-day meals at Government schools

Healthcare services by conducting medical and health camps for the underprivileged people in villages

Contribute towards education with scholarships

Providing opportunity to earn their livelihood through digital literacy and digital tools

Towards our CSR Expenditure, we also contributed to Digital Empowerment Foundation to create smart villages through its initiative "Smartpur". Smartpur is a rural entrepreneurship-based initiative to transform rural villages into digitally integrated holistic villages. During the year under review, we also contributed to Prime Minister's National Relief Fund (PMNRF) towards Relief for Riots, Flood, Drought, Earthquakes, Cyclone, Tsunami, Medical etc.

CSR Contribution to Akshaya Patra Foundation- mid day meals to Government and Government -aided school children

CSR Contribution to Global Helping Hands Inc.

₹74 lakhs

Spent towards CSR activities in FY 2018-19

PROFILE OF BOARD OF DIRECTORS

Raghupathy Goud Theegala

Chairman and Independent Director

He holds a Bachelor's degree in commerce from Osmania University and a Bachelor's degree in law from Bangalore University. Prior to joining our Company, he worked with the Andhra Pradesh Lokayukta and Upa – Lokayukta and is experienced in handling matters related to financial irregularities, abuse of power and corruption etc. He has been on the board of our Company since August 21, 2017 as an Independent Director.

Karunakar Reddy Baddam

Founder and Managing Director

He is the Founder and Managing Director of Apollo Micro Systems Ltd. He chose to become an entrepreneur and founded AMS in 1985 as a Proprietary Company and in 1997 converted into a Private Limited company and he is heading the company under diversified board of Directors. Under his leadership, AMS has grown from a design company to a turnkey solutions provider and now we are at the stage of successful delivery of sub- systems and systems as a whole.

He was instrumental in successfully developing solutions for defence & space programmes with his innovative ideas and miniaturization techniques. He is a visionary and has relentlessly worked on developing import substitution. He is the core person in AMS to give a direction, layout to go forward, which eventually leads to the growth build of AMS what it is today and growing towards sustainability and ladder of success day by day.

He has been awarded the "Best Entrepreneur Award" by the hands of Shri Malla Reddy Minister of Labour, Employment, Women and Child Development, Telangana on the occasion of Telangana State Formation Day.

Venkata Siva Prasad Chandrapati

Whole-time Director (Technical)

He is the Whole-time Director (Technical) of Apollo Micro Systems Ltd. He has done his M.Tech in Digital Signal Processing and his technical proficiency in the Industry is unmatched. He is calm and collected at all times and efficiently handles the R&D groups with his technical and managerial experience. With 22 years of experience working on varied technologies, he is the best man for the job.

He started his journey with AMS in 1999, after serving with several other companies for over eight years. His expertise in design and product development makes him the best available in the industry. He is the architect who has built complex weapon system electronics which have contributed to the success of several indigenous defence programmes. His profound knowledge on Space systems has delivered complex Payload Checkout systems and Telemetry Systems for Space Programmes.

He has been involved in core technology working, execution and designing of the undergoing Defence projects of the Company.

Krishna Sai Kumar Addepalli

Whole-time Director (Operations)

He is the Whole-time Director (Operations) of Apollo Micro Systems Ltd. He is an Engineering Graduate in Electronics and Communication with 18 Years of varied experience in marketing, finance & operations. He is serving AMS since 2003, and was instrumental in expanding its customer base, diversifying the company into various markets and implementing reforms in quality processes, building robust supply chain management. He is actively involved in business development and focuses on enhancing the footprints of the company into various forays under defence and non defence areas.

Karunasree Samudrala**

Independent Director

She is a Fellow Member of the Institute of Chartered Accountants of India and a Commerce Graduate from Kakatiya University, Telangana, having 20 years of wide experience in Accounting, Audit, and Taxation. She has a Post Qualification experience in handling Audits Engagements, Extensive experience in handling Corporate Audits – Statutory, Internal and Tax Audits, FMCG, stock market, Bank Audits etc., working and Liaisoning with Statutory Auditors, Income Tax Authorities and handling Investor Relationship Management.

She also holds various certifications like International Financial Reporting Standards (IFRS), Certified Internal Auditor (CIA), and Concurrent Audit of Bank from Institute of Chartered Accountants of India (ICAI). She has been on board of our company since May 29, 2018 and serving as an Independent Director on the Board of the Company.

**Appointed with effect from May 29, 2018

Sri Lakshmi Reddy Vangeti

Non – Executive Director

She holds a Bachelor's degree in Science from Osmania University. She is experienced in human resources and management. She has been on the board of our Company since April 1, 1999.

PROFILE OF LEADERSHIP TEAM

Ramidi Narsimha Reddy

Chief Operating Officer (COO)

Ramidi Narsimha Reddy, is the Chief Operating Officer (COO) of our Company. He has completed his diploma in electrical communications engineering from State Board of Technical Education and Training and holds a Bachelor's degree in Engineering and a Master's in Engineering from Osmania University. He is also a member of the Institution of Telecommunication Engineers and Institution of Electronics and Telecommunication Engineers. He is experienced in information technology, administration services and corporate sector. Prior to joining our Company, he was working with Bharat Dynamics Limited, Sigma Microsystems Private Limited and Vem Technologies Private Limited. He has been associated with our Company since March 4, 2016.

Sudarshan Chiluveru

Chief Financial Officer (CFO)

NOTICE

Dear Member,

Notice is hereby given that the Twenty Second (22nd) Annual General Meeting of the Members of Apollo Micro Systems Limited ("the Company") will be held at **Manjeera Hall, 2nd Floor, The Plaza Hotel, 6-3-870, Balayogi Paryatak Bhavan, Greenlands, Begumpet, Hyderabad-500016 Telangana, India** on **Monday, the September 30, 2019** at **11:00 AM (IST)** to transact the following business:

ORDINARY BUSINESS

1. To receive, consider and adopt the Audited Financial Statement of the Company for the financial year ended March 31, 2019 together with the Reports of the Board of Director and the Auditors thereon.
2. To appoint a Director in place of Mrs. Sri Lakshmi Reddy Vangeti [DIN 02757567], who retires by rotation and, being eligible, offers herself for re-appointment and in this connection to consider and if deemed fit, to pass the following Resolution as an Ordinary Resolution:

"RESOLVED THAT pursuant to the provisions of Section 152(6) of the Companies Act, 2013 ('the Act') and Companies (Appointment and Qualification of Directors) Rules, 2014 Mrs. Sri Lakshmi Reddy Vangeti, having [DIN: 02757567], be and is hereby re-appointed as a Director of the Company, who is liable to retire by rotation."

SPECIAL BUSINESS

3. **Revision in terms of Remuneration of Mr. Karunakar Reddy Baddam, Managing Director**

To consider and if thought fit, to pass with or without modifications, the following resolution as an **Ordinary Resolution**:

"RESOLVED THAT in partial modification to the Resolution passed by the Members at the Adjourned Annual General Meeting held on August 26, 2017 and pursuant to the applicable provisions of sections 196, 197, 198 and any other applicable provisions of the Companies Act, 2013 ('the Act') and the Rules made there under (including any statutory modification(s) or re-enactment(s) thereof for the time being in force) read with Schedule V to the Act and subject to the approval of the Central Government and such other approvals, permissions and sanctions, as may be required and subject to such conditions and modifications, as may be imposed or prescribed by any of the authorities in granting such approvals, permissions and sanctions and pursuant to the recommendations of the Nomination and Remuneration Committee and the Board of Directors of the Company approval of the Members of the Company be and is hereby accorded for revision in remuneration payable to Mr. Karunakar Reddy Baddam, Managing Director of the Company, by way of increase in the maximum amount of basic salary payable to Mr. Karunakar Reddy Baddam from ₹5,00,000/- (Rupees Five Lakhs only) per month to ₹10,00,000/- (Rupees Ten Lakhs only) per month with effect from April 01, 2019 for the remainder of his term i.e. up to March 31, 2022 with proportionate increase in the benefits related to his salary, if any and leaving all other terms and conditions of appointment and remuneration unchanged.

RESOLVED FURTHER THAT in the event of loss or inadequacy of profits, in any financial year during the tenure of Managing Director's

salary, perquisites and other allowances as specified above are payable as minimum remuneration.

RESOLVED FURTHER THAT the Board of Directors of the Company (which term shall be deemed to include the Nomination and Remuneration Committee thereof) and Company Secretary be and are hereby severally authorized to take all such steps as may be necessary, proper and expedient to give effect to this Resolution."

4. **Revision in terms of Remuneration of Mr. Krishna Sai Kumar Addepalli, Whole Time Director (Operations)**

To consider and if thought fit, to pass with or without modifications, the following resolution as an **Ordinary Resolution**:

"RESOLVED THAT in partial modification to the Resolution passed by the Members at the Adjourned Annual General Meeting held on August 26, 2017 and pursuant to the applicable provisions of sections 196, 197, 198 and any other applicable provisions of the Companies Act, 2013 ('the Act') and the Rules made thereunder (including any statutory modification(s) or re-enactment(s) thereof for the time being in force) read with Schedule V to the Act and subject to the approval of the Central Government and such other approvals, permissions and sanctions, as may be required and subject to such conditions and modifications, as may be imposed or prescribed by any of the authorities in granting such approvals, permissions and sanctions and pursuant to the recommendations of the Nomination and Remuneration Committee and the Board of Directors of the Company approval of the Members of the Company be and is hereby accorded for revision in remuneration payable to Mr. Krishna Sai Kumar Addepalli, Whole Time Director (Operations) of the Company, by way of increase in the maximum amount of basic salary payable to Mr. Krishna Sai Kumar Addepalli from ₹1,50,000/- (Rupees One Lakhs and Fifty Thousand Only) per month to ₹2,00,000/- (Rupees Two Lakhs Only) per month with effect from April 01, 2019 for the remainder of his term i.e. up to August 20, 2022 with proportionate increase in the benefits related to his salary, if any and leaving all other terms and conditions of appointment and remuneration unchanged.

RESOLVED FURTHER THAT in the event of loss or inadequacy of profits, in any financial year during the tenure of Whole Time Director salary, perquisites and other allowances as specified above are payable as minimum remuneration.

RESOLVED FURTHER THAT the Board of Directors of the Company (which term shall be deemed to include the Nomination and Remuneration Committee thereof) and Company Secretary be and are hereby severally authorized to take all such steps as may be necessary, proper and expedient to give effect to this Resolution."

By Order of the Board
For **Apollo Micro Systems Limited**

Sd/-

Place: Hyderabad
Date: August 14, 2019

Chaitanya Siva Shankar Vitta
Company Secretary and Compliance Officer

Notes:

1. The Explanatory Statement pursuant to Section 102 of the Companies Act, 2013 ("the Act") in respect of the business under item no. 3 and 4 set out above is annexed hereto

2. Ratification of Appointment of Auditors

The Members of the Company at their Adjourned Twentieth Annual General Meeting held on August 26, 2017 appointed M/s. S T Mohite & Co., Chartered Accountants (Registration number 011410S) as Statutory Auditors of the Company for one term of five consecutive financial years from the conclusion of Twentieth Annual General Meeting till the conclusion of the Twenty Fifth Annual General Meeting of the Company, subject to the ratification by the Members at the every Annual General Meeting held during the said term, in terms of the proviso under section 139 (1) of the Act.

The mandatory requirement of ratification of appointment of auditors by the Members at every Annual General Meeting has been omitted vide notification dated May 7, 2018 issued by the Ministry of Corporate Affairs. Accordingly, no resolution is proposed for ratification of appointment of Auditors at this AGM.

3. Details of Directors seeking appointment/re-appointment as required under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (SEBI (LODR) Regulations, 2015) and Secretarial Standards on General Meetings issued by the Institute of Company Secretaries of India in respect of directors seeking appointment / re-appointment at this Annual General Meeting ("AGM"/"the meeting") is annexed hereto.
4. The Register of Members and the Share Transfer Books of the Company will remain closed from Friday, September 27, 2019 to Monday, September 30, 2019 (both days inclusive) for the purpose of Annual General Meeting.
5. **A MEMBER ENTITLED TO ATTEND AND VOTE AT THE MEETING IS ENTITLED TO APPOINT A PROXY TO ATTEND AND VOTE INSTEAD OF HIMSELF AND A PROXY NEED NOT BE A MEMBER. A PERSON CAN ACT AS PROXY ON BEHALF OF MEMBERS NOT EXCEEDING FIFTY(50) AND HOLDING IN THE AGGREGATE NOT MORE THAN 10% OF THE TOTAL SHARE CAPITAL OF THE COMPANY.**
6. A Member holding more than 10% (Ten Percent) of the total share capital of the Company carrying voting rights may appoint a single person as proxy and such person shall not act as a proxy for any other person or Member.
7. The duly completed and signed instrument appointing a proxy i.e. the Form No MGT-11 enclosed herewith should be returned to the Registered Office of the Company not less than 48 (Forty-Eight) hours before the time for holding the AGM. Proxies submitted on behalf of limited companies, societies, partnership firms, etc. must be supported by appropriate resolution/authority, as applicable, issued by the member organization. Any unstamped or inadequately stamped Proxy Forms or Proxy Forms upon which the stamps have not been cancelled will be treated as invalid.

8. Corporate Members intending to send their authorized representatives to attend the Meeting are requested to send a certified copy of the Board Resolution authorizing their representatives to attend and vote on their behalf at the Meeting.
9. The Register of Directors and Key Managerial Personnel and their shareholding as maintained under Section 170 of the Act, the Register of Contracts or Arrangement in which the Directors are interested as maintained under Section 189 of the Act and relevant documents referred to in the Notice and the Explanatory Statement are open for inspection by the members at the Registered Office of the Company on all working days between 11:00 a.m. and 4:00 p.m., except Saturdays, up to the date of the AGM and at the venue of the Meeting for the duration of the Meeting. Members visiting our Registered Office for inspection are requested to carry a valid identity proof such as PAN card, passport, Aadhaar card or driving license for identification.
10. The Board of Directors of the Company in its meeting held on November 01, 2018 declared the Interim Dividend at the rate of 10 % (i.e. ₹1 /-per share) for the FY 2018-19 amounting to ₹2,07,63,886 and was duly paid to those members whose name appears in the Company's Register of Members on the record date as fixed.
11. Pursuant to section 124 of the Act, Dividends that are unclaimed for a period of seven years are required to be transferred to the Investors Education and Protection Fund (IEPF). The Interim Dividend for the financial year 2018-19 would be the first to become due for transfer to IEPF in December, 2025. Members, who have not encashed the Demand Drafts so far, are requested to make their claim to the Company's Registrar & Transfer Agents (R & T Agents).
12. The Company's Registrar and Transfer Agents for its share registry work (Physical and Electronic) is **Bigshare Services Private Limited** (herein after referred to as "RTA"). All documents, transfers, dematerialization requests and other communications in relation thereto should be addressed directly to the Company's Registrar & Share Transfer Agents, at the address mentioned below:

Email: bsshyd@bigshareonline.com

13. Members can avail the facility of nomination in respect of securities held by them in physical form pursuant to the provision of Section 72 of the Act. Members desiring to avail of this facility may send their nomination in the prescribed form No SH-13 duly filled in to the Company's RTA. Members holding shares in electronic mode may contact their respective Depository Participant (DP) for availing this facility.
14. As directed by SEBI, Members are requested to-
 - a. Intimate to the DP, changes if any, in their registered addresses and/or changes in their bank account details, if the shares are held in dematerialized form.
 - b. Intimate to the Company's RTA, changes if any, in their registered and/or in their bank account details, if the shares are held in physical form (share certificates).
 - c. Consolidate their holdings into one folio in case they hold shares under multiple folios in the identical order of names.
 - d. **Dematerialize the Physical Shares to Electronic Form (Demat) to eliminate all risks associated with Physical Shares. Our Registrar and Transfer Agents viz., Bigshare Services Private Limited may be contacted for assistance, if any, in this regard. Further, as per amendment to Regulation 40 of SEBI (LODR) Regulations, 2015 except in case of transmission or transposition of securities, requests for effecting transfer of securities shall not be processed unless the securities are held in the dematerialized form effective April 01, 2019. Members are advised to dematerialize the shares held by them in physical form.**
15. Electronic copy of the Annual Report for the financial year 2018-19 and the Notice of this AGM inter-alia indicating the process and manner of remote e-voting along with Attendance Slip and Proxy Form, are being sent to all the Members whose e-mail id are registered with the Company/ Depository Participants. For Members who have not registered their e-mail id, physical copies of the aforesaid documents would be sent in the permitted mode.

Even after registering for e-communication, members are entitled to receive such communication in physical form, upon making the request for the same, free of cost. For any communication, the shareholders may send requests to the following e-mail id – cs@apollo-micro.com.

Members who have not registered their email addresses so far are requested to register them for receiving all communication including Annual Report and other Notices from the Company electronically.
16. Route Map showing directions to reach to the venue of the AGM is annexed as per the requirement of the Secretarial Standards - 2 on "General Meetings."
17. Only bona fide members of the Company whose names appear on the Register of Members/Proxy holders, in possession of valid attendance slips duly filled and signed will be permitted to attend the meeting. The Company reserves its right to take all steps as may be deemed necessary to restrict non-members from attending the meeting.
18. In order to enable us to register your attendance at the venue of the Annual General Meeting, we request you to bring your folio number/ Demat account number/DP ID-Client ID to enable us to give you a duly filled attendance slip for your signature and participation at the meeting.
19. In case of joint holders attending the meeting, only such joint holder who is higher in the order of names will be entitled to vote.
20. Members/Proxies attending the Meeting are requested to complete and bring the Attendance Slip enclosed with the Annual Report, duly filled in & signed, and hand over the same at the entrance of the meeting hall.
21. The Securities and Exchange Board of India has made it mandatory for all companies to use the bank account details furnished by the Depositories for payment of dividend, if any, through National Electronic Clearing Service (NECS) to investors wherever NECS and bank details are available. In the absence of NECS facilities, the Company will print the bank account details, if available, on the payment instrument for distribution of dividend. The Company will not entertain any direct request from Members holding shares in electronic mode for deletion of/change in such bank details.
22. **The Securities and Exchange Board of India has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form who have not done so are requested to submit the PAN to their Depository Participant with whom they are maintaining their demat accounts. Members holding shares in physical form can submit their PAN details to RTA.**
23. Members are requested to refer to the Corporate Governance Report for information in connection with the unpaid / unclaimed dividend along with underlying shares thereto liable to be transferred to Investor Education and Protection Fund (IEPF) administered by the Central Government. Members are requested to refer the website of the Company for the details made available by the Company pursuant to the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Amendment Rules, 2017.
24. As per Section 124(6) of the Act read with the IEPF Rules as amended from time to time, all the shares in respect of which dividend has remained unpaid/unclaimed for seven consecutive years or more are required to be transferred to an IEPF Demat Account. In case the dividends are not claimed by the respective shareholders, necessary steps will be initiated by the Company to transfer shares held by the members to IEPF along with dividend remaining unpaid/unclaimed thereon.
25. Members may please note that in the event of transfer of such shares and the unclaimed dividends to IEPF, members are entitled to claim the same from IEPF authorities by submitting an online application in the prescribed Form IEPF-5 available on the website www.iepf.gov.in and sending a physical copy of the same duly signed to the Company along with the requisite documents enumerated in the Form IEPF- 5. Members can file only one consolidated claim in a financial year as per the IEPF Rules.

26. In order to save the natural resources, Members are requested to register their e-mail address/ addresses and Bank Account details with the Depository Participants, if the shares are held in dematerialized form and with the Company's Registrar and Transfer Agents, if the shares are held in physical form, in case you have not registered your email ids till now. Members who have not registered their email addresses so far are requested to register them for receiving all communication including Annual Report and other Notices from the Company electronically.

27. Members may also note that the Notice of the AGM and the Annual Report for the financial year 2018-19 will also be available on the Company's website www.apollo-micro.com under the Section "Investors" for their download.

28. Voting through electronic means:

In compliance with provisions of Section 108 of the Act, Rule 20 of the Companies (Management and Administration) Rules, 2014 as amended by the Companies (Management and Administration) Amendment Rules, 2015 and Regulation 44 of SEBI (LODR) Regulations, 2015, the Company is pleased to provide members facility to exercise their right to vote at the Annual General Meeting (AGM) by electronic means and the business may be transacted through e-Voting Services provided by Central Depository Services (India) Limited (CDSL).

The remote e-voting period commences on Friday, September 27, 2019 (9:00 am) and ends on Sunday, September 29, 2019 (5:00pm). During this period members of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date i.e., Monday, September 23, 2019 may cast their vote by remote e-voting. The remote e-voting module shall be disabled by CDSL for voting after Sunday, September 29, 2019 (5:00 pm). Once the vote on a resolution is cast by the member, the member shall not be allowed to change it subsequently.

A member may participate in the AGM even after exercising his right to vote through remote e-voting but shall not be allowed to vote again at the AGM.

A person, whose name is recorded in the register of members or in the register of beneficial owners maintained by the depositories as on the cut-off date only shall be entitled to avail the facility of remote e-voting or voting at the AGM through physical ballot.

A copy of this notice has been placed on the website of the Company (www.apollo-micro.com) and the website of CDSL (www.evotingindia.com).

Mr. Venkatesh Reddy Datla, Practicing Company Secretary (ACS: 36504 CP: 14074) has been appointed as the Scrutinizer to scrutinize the e-voting process in a fair and transparent manner.

The Scrutinizer shall after the conclusion of voting at the general meeting, will first count the votes cast at the meeting and thereafter unblock the votes cast through remote e-voting in the presence of at least two witnesses not in the employment of the Company and shall make,

not later than 48 hours of the conclusion of the AGM, a consolidated scrutinizer's report of the total votes cast in favour or against if any, to the Chairman or a person authorized by him in writing, who shall countersign the same and declare the result of the voting forthwith.

The Results declared along with the report of the Scrutinizer shall be placed on the website of the Company www.apollo-micro.com and on the website of CDSL immediately after the declaration of result by the Chairman or a person authorized by him in writing. The results shall also be immediately forwarded to the BSE Limited, Mumbai and National Stock Exchange of India Limited, Mumbai.

The process and manner for remote e-voting is as under:

- (i) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (ii) The shareholders should log on to the e-voting website www.evotingindia.com.
- (iii) Click on Shareholders.
- (iv) Now Enter your User ID-
 - a. For CDSL: 16 digits beneficiary ID,
 - b. For NSDL: 8 Character DPID followed by 8 Digits Client ID,
 - c. Members holding shares in Physical Form should enter Folio Number registered with the Company.
- (v) Next enter the Image Verification as displayed and Click on Login.
- (vi) If you are holding shares in demat form and had logged on to www.evotingindia.com and voted on an earlier voting of any Company, then your existing password is to be used.
- (vii) If you are a first time user follow the steps given below:

PAN	For Members holding shares in Demat Form and Physical Form Enter your 10 digit alpha-numeric PAN issued by Income Tax Department (Applicable for both demat shareholders as well as physical shareholders) <ul style="list-style-type: none"> Members who have not updated their PAN with the Company/Depository Participant are requested to use the first two letters of their name and the 8 digits of the sequence number in the PAN field. In case the sequence number is less than 8 digits enter the applicable number of 0's before the number after the first two characters of the name in CAPITAL letters. Eg. Date: August 14, 2019

THE EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013 ("THE ACT"), GIVEN HEREUNDER SETS OUT ALL MATERIAL FACTS RELATING TO THE SPECIAL BUSINESS OF THE ACCOMPANYING NOTICE DATED AUGUST 14, 2019

Item No. 3: At the Adjourned Annual General Meeting ("AGM") held on August 26, 2017, the members of the Company had approved the re-appointment and terms of remuneration of Mr. Karunakar Reddy Baddam, Managing Director of the Company for a period of 5 years from April 01, 2017, including inter alia salary up to a maximum of ₹5,00,000/- per month, with authority to the Board to fix his salary within the above mentioned scale.

Mr. Karunakar Reddy Baddam aged 56 years is the Promoter and Managing Director of the Company.

He holds a Bachelor's degree in Arts from Osmania University. He commenced this business through a partnership firm in 1991 to primarily carry on the business of job works and developing electronic systems. Thereafter, post dissolution of the partnership firm in 1994, he continued this business as a proprietorship firm and then incorporated our Company in 1997. He has been associated with our Company in the capacity of Director since inception and is sphere heading the entire operations under the supervision of the Board.

He is also on the Board of the other Company in India viz. Apollo Foods and Beverages Private Limited. He holds 13271690 (63.92%) Equity Shares in the Company and except Mrs. Sri Lakshmi Reddy Vangeti, he is not related to other Directors and Key Managerial Personnel of the Company.

The last drawn remuneration by Mr. Karunakar Reddy Baddam from the Company during the Financial Year 2018-19 was ₹60.00 Lakhs.

Mr. Baddam has attended Four Board Meetings in the Financial Year 2018-19. He does not hold membership/chairpersonship of committees of any other Company.

The terms and conditions of appointment and remuneration payable to him as the Managing Director of the Company would be governed by the terms and conditions, as approved or revised by the Members of the Company from time to time.

In the capacity of Managing Director, he has successfully driven the company towards maintaining the momentum of growth in terms of Revenue & Profit. During the year under review, the Company has taken up the most challenging projects which are highly complex engineering projects. The wide variety of experience, which he holds has contributed in success of these projects and appreciation from customers and led to successful in meeting the expectations of the customers and handled various critical development projects. He has also received the "Best Entrepreneur Award" by Telangana State Government for the Year 2019.

Taking into consideration the above notable contributions which led to the growth of the Company and his Experience, the Nomination and Remuneration committee ("NRC") in its meeting held on May 17, 2019 recommended to the Board the revision in the maximum basic salary payable to Mr. Karunakar Reddy Baddam to ₹10,00,000/- per month with

effect from 1st April 2019 for the remainder of his term up to March 31, 2022, with proportionate increase in the benefits related to his salary. Based on the recommendation of NRC the Board of Directors of the Company in its meeting held on May 17, 2019 had approved the aforesaid revision in remuneration of Mr. Karunakar Reddy Baddam, subject to the approval of the members of the Company.

All other terms and conditions of appointment of Mr. Karunakar Reddy Baddam, Managing Director of the Company, as approved at the adjourned AGM of the Company held on August 26, 2017, remain unchanged.

The revised terms of appointment and remuneration are as follows:

- | | |
|-------------------|--|
| Period | : 5 years w.e.f. 1st April, 2017 |
| Remuneration | : a salary of ₹10,00,000/- (Rupees Ten Lakhs only) per month w.e.f. 1st April, 2019 with such increments as the Board may decide from time to time subject to maximum limits as specified in section 197 of the Act. |
| Performance Bonus | : 5% of profits of the Company calculated as per the provisions of Section 198 of the Act. |
| Perquisites | : In addition to the above, he shall be entitled to the following perquisites: |
- a) Medical Insurance: As provided by the company group mediclaim policy, insurance coverage up to a maximum of ₹5,00,000/- per annum.
 - b) Personal Accident Insurance: As per Company's policy
 - c) The Company's contribution to provident fund, superannuation fund or annuity fund shall be in accordance with the rules and regulations of the Company. Such contribution will not be included in the computation of the ceiling on perquisites to the extent either singly or put together are not taxable under the Income Tax Act, 1961.
 - d) Gratuity as per the Gratuity Act, 1972
 - e) He is also eligible for One month's leave with full pay and allowance for every eleven months of service. Leave accumulated but not availed in the previous financial year will be carried forward to next financial year.
 - f) Reimbursement of reasonable entertainment and other expenses actually and properly incurred in connection with the business of the Company.
 - g) Mr. Karunakar Reddy Baddam, so long as he functions as the Managing Director of the Company, shall not be entitled to receive any fee for attending any meeting of the Board or Committees thereof.

The aggregate of the remuneration as aforesaid shall be within the maximum limits as laid down under Section 197 and all other applicable

provisions, if any, of the Act read with Schedule V to the Act, as amended and as in force from time to time.

In compliance with the provisions of Sections 196, 197 and other applicable provisions of the Act, read with Schedule V to the Act, the revised terms of remuneration specified above are now being placed before the members for their approval.

As required under the provisions of the Act, approval of the Members is being sought for the revision of remuneration payable to Mr. Karunakar Reddy Baddam as the Managing Director of the Company.

The Directors are of the view that the remuneration payable to Mr. Karunakar Reddy Baddam, Managing Director is commensurate with his abilities and experience and, accordingly, recommend the Resolution at Item No.3 of the accompanying Notice for approval by the members of the Company as an Ordinary Resolution.

Except Mr. Karunakar Reddy Baddam and Mrs. Sri Lakshmi Reddy Vangeti, none of the Directors, Key Managerial Personnel of the Company and their relatives are concerned or interested, in any way, in the Resolution set out at Item No. 3 of this Notice.

Item No 4: At the Adjourned Annual General Meeting ("AGM") held on August 26, 2017, the members of the Company had approved the re-appointment and terms of remuneration of Mr. Krishna Sai Kumar Addepalli, Whole Time Director (Operations) of the Company for a period of 5 years from August 21, 2017, including inter alia salary up to a maximum of ₹1,50,000/- per month, with authority to the Board to fix his salary within the above mentioned scale.

Mr. Krishna Sai Kumar Addepalli aged 39 years is the Whole Time Director (Operations) of the Company. He holds a Bachelor's degree in Engineering (Electronics and Telecommunication) from University of Madras. He is experienced in technical and other allied activities. He is associated with our Company since 2003 and has been on the board of our Company since 2011. He looks after the overall operations of the Company.

He was first appointed as the Director on the Board of the Company on July1, 2011. He is also on the Board of the other Company in India viz. Apollo Foods and Beverages Private Limited. He holds 41910 (0.20%) Equity Shares in the Company and he is not related to other Directors and Key Managerial Personnel of the Company.

The last drawn remuneration by Mr. Krishna Sai Kumar Addepalli from the Company during the Financial Year 2018-19 was ₹18.00 Lakhs.

Mr. Addepalli had attended Four Board Meetings in the Financial Year 2018-19. He does not hold membership/chairpersonship of committees of any other Company.

The terms and conditions of appointment and remuneration payable to him as the Whole Time Director of the Company would be governed by the terms and conditions, as approved or revised by the Members of the Company from time to time.

Mr. Krishna Sai Kumar Addepalli has put a long standing service for the company of around 16 years. The twin i.e. his technical background and

financial knowledge has played a major role in the successful completion of IPO process of the Company. During the year under review, he played an instrumental role in building partnerships with renowned technology companies and initiated the process of qualifying the company to undertake various projects under offset. He was also actively involved in the business development and taken a move towards entering the global markets with the existing capabilities and also enhance the capabilities and product offerings through strategic partnerships and global alliances for sustained growth of the company. He has also executed the responsibility of building Brand image of the Company in the various Expos the Company participated during the year & supported in capturing the allied opportunities in the growing market of Home Land Security Solutions .He also led to the seamless implementation of Enterprise Resource Planning across various departments of the Company.

Taking into consideration the above enumerated contributions and his performance, the Nomination and Remuneration committee ("NRC") of the Company in its meeting held on May 17, 2019 recommended to the Board the revision in the maximum basic salary payable to Mr. Krishna Sai Kumar Addepalli to ₹2,00,000/- per month with effect from 1st April, 2019 for the remainder of his term up to August 20, 2022, with proportionate increase in the benefits related to his salary. Based on the recommendation of NRC the Board of Directors of the Company in its meeting held on May 17, 2019 had approved the aforesaid revision in remuneration of Mr. Krishna Sai Kumar Addepalli, subject to the approval of the members of the Company.

All other terms and conditions of appointment of Mr. Krishna Sai Kumar Addepalli, Whole Time Director (Operations) of the Company, as approved at the adjourned AGM of the Company held on August 26, 2017, remain unchanged.

The revised terms of appointment and remuneration are as follows:

- | | |
|-------------|--|
| Salary | : ₹2,00,000/- (Rupees Two Lakhs only) per month w.e.f from 1st April, 2019. |
| Perquisites | : In addition to the above, he shall be entitled to the following perquisites: |
- a) Medical Insurance: As provided by the company group mediclaim policy, insurance coverage up to a maximum of ₹5,00,000/- per annum.
 - b) Personal Accident Insurance: As per Company's policy
 - c) The Company's contribution to provident fund, superannuation fund or annuity fund shall be in accordance with the rules and regulations of the Company. Such contribution will not be included in the computation of the ceiling on perquisites to the extent either singly or put together are not taxable under the Income Tax Act, 1961
 - d) Gratuity as per the Gratuity Act, 1972
 - e) He is also eligible for One month's leave with full pay and allowance for every eleven months of service. Leave accumulated but not availed in the previous financial year will be carried forward to next financial year.
 - f) Reimbursement of reasonable entertainment and other expenses actually and properly incurred in connection with the business of the Company.

- g) Mr. Krishna Sai Kumar Addepalli, so long as he functions as the Whole Time Director of the Company, shall not be entitled to receive any fee for attending any meeting of the Board or Committee thereof.

The aggregate of the remuneration as aforesaid shall be within the maximum limits as laid down under Section 197 and all other applicable provisions, if any, of the Act read with Schedule V to the Act, as amended and as in force from time to time.

In compliance with the provisions of Sections 196, 197 and other applicable provisions of the Act, read with Schedule V to the Act, the revised terms of remuneration specified above are now being placed before the members for their approval.

As required under the provisions of the Act, approval of the Members is being sought for the revision of remuneration payable to Mr. Krishna Sai

Kumar Addepalli as the Whole Time Director (Operations) of the Company.

The Directors are of the view that the remuneration payable to Mr. Krishna Sai Kumar Addepalli, Whole Time Director (Operations) is commensurate with his abilities and experience and, accordingly, recommend the Resolution at Item No.4 of the accompanying Notice for approval by the members of the Company as an Ordinary Resolution.

Except Mr. Krishna Sai Kumar Addepalli, none of the Directors, Key Managerial Personnel of the Company and their relatives are concerned or interested, in any way, in the Resolution set out at Item No. 4 of this Notice.

Mr. Krishna Sai Kumar Addepalli is not related to any other Director or KMP of the Company.

Business Outlook

The continuing vulnerability in threats across borders, and within homeland is a driving force across world for developing sophisticated weapons and artificial intelligence built solutions to address the unforeseen challenges which cannot be mitigated by forces alone. Indian sub-continent is no exception to this with its longest Border on ground and in waters. The constant requirement to enhance security within the country with state of the art technologies has taken a greater push in the recent past. Several flag ship programmes related to safe city, smart city, programmes rolled out to protect critical and strategic infrastructure of the country has taken greater importance. This resulted in potential growth in Home Land Security Business in the country. The Indian Government has also set targets to achieve export of Defence equipment to various friendly

countries and there has been notable progress towards this in past few years, which is again a boost for the Public and Private Defence Industries.

Your company has been working on niche technologies for past several decades, and has been instrumental in supply and integration of critical weapon system electronics for both On-Board and Ground Support equipment. Your company has not worked merely as a supplier but as a strategic partner in the success of strategic programmes of the country. To enhance the capacity & capabilities we have augmented our facility with latest machinery to achieve shorter around time in production and strengthened the Design & Development team by addition of programme managers in senior levels and engineers in working team.

Keeping in view of the growing market size in Defense & Home land Security, we have entered in strategic alliance with global companies and integrate our solutions to offer a turnkey solutions to customers. Company continues to enhance its vision of being a global company with Indigenous technology. We believe that continuing to be an Indigenous Technology developer we continue to enter more strategic alliances with globally renowned companies to address the push of Make in India and be a part of the global supply chain from India. Our company's outlook for selective acquisitions to consolidate technological presence in the existing sectors is still in pursuit which would give a value addition to our existing offerings.

Credit Rating

Your Company has been rated by ICRA Limited ("ICRA"). ICRA has assigned Long Term Rating of "[ICRA] BBB-" (pronounced ICRA triple B minus) from [ICRA] BBB (pronounced ICRA triple B) and the short term rating of "[ICRA] A3" (pronounced ICRA A three) from [ICRA A3+] (pronounced ICRA A three plus), to ₹142 Crores Line of Credit of the Company. The outlook on Long Term Rating has been revised to 'Negative' from 'Stable'.

Utilisation of IPO Proceeds

As per the prospectus the funds raised through Initial Public Offering ("IPO") of ₹156 Crore in January, 2018 are required to be fully utilised as per the Objects of the Issue i.e. for Working Capital Requirement and General Corporate Purpose by the Financial Year Ending 2019.

The IPO proceeds have been fully utilised by the Company towards stated objects.

(FRN 011410S), Hyderabad were appointed as Statutory Auditors of the Company in the adjourned Annual General Meeting held on August 26, 2017 for a period of 5 Years and holds office until the conclusion of the 25th Annual General Meeting to be held in the calendar year 2022 (subject to ratification by the shareholders at each Annual General Meeting) on such remuneration as may be determined by the Board. Pursuant to notification dated May 7, 2018 issued by the Ministry of Corporate Affairs, New Delhi, requirement to place the matter relating ratification to appointment of Auditors by members at every Annual General Meeting is omitted.

Further, M/s. S T Mohite & Co. have confirmed their eligibility for their appointment as Statutory Auditors and the same are within the limits as specified in section 141 of the Act and have also confirmed that they are not disqualified from continuing as Auditors of the Company.

The Notes on financial statement referred to in the Auditors' Report are self-explanatory and do not call for any further comments.

The statutory auditors' report is forming the part of this report. The notes on financial statements referred to in the Auditors' Report are self-explanatory and do not call for any further comments. There are no specifications, reservations, adverse remarks on disclosure by the statutory auditors in their report. They have not reported any incident of fraud to the Board of the Company during the year under review.

(b) Internal Auditors

As per the provisions of Section 138 of the Act and the rules made there under, the Board of Directors had appointed M/s Surya Pavan & Co, Chartered Accountants, Vijaywada (ICAI Firm Registration No. 015612S), as Internal Auditor to conduct the internal audit of the Company for the Financial Year 2018-19.

The Internal Audit Report for the Financial Year 2018- 19 issued by M/s Surya Pavan & Co, Chartered Accountants, Vijaywada is submitted which is self-explanatory and do not call for any further explanation of the Board.

Further, on the recommendation of audit committee, the Board of Directors of the Company has approved the re- appointment of aforesaid audit firm as internal auditors for the Financial Year 2019-20.

(c) Cost Auditors

As per Cost Audit applicability, cost compliance is not applicable for FY 2018-19 as the Company is small scale industry under MSME. Hence, the maintenance of cost records as specified by the Central Government under sub section (1) of section 148 of the Act is not required.

(d) Secretarial Auditors

As per the provisions of Section 204 of the Act and the rules made there under, the Board of Directors had appointed Mr. Venkatesh Reddy Datla, Practicing Company Secretary, Hyderabad (Membership No: 36504; CP No: 14074), as Secretarial Auditor to conduct the Secretarial audit of the Company for the Financial Year 2018-19.

The Secretarial Audit Report, pursuant to the provisions of Section 204 read with Section 134(3) of the Act, issued by Mr. Venkatesh Reddy Datla, Practicing Company Secretary, in Form MR-3 for the financial year 2018-19 is annexed to the Board's Report as **Annexure-VII**

Further, the Board has approved the re- appointment of Mr. Venkatesh Reddy Datla, Practicing Company Secretary, Hyderabad (Membership No: 36504; CP No: 14074) as the Secretarial Auditor of the Company for the Financial Year 2019-20.

Management Discussion and Analysis

The Management Discussion and Analysis Report for the year under review as stipulated under the SEBI (LODR) Regulations, 2015 is presented in a separate section forming part of this Annual Report.

Report on Corporate Governance

The Company has complied with the Corporate Governance requirements under the Act, and as stipulated under the SEBI (LODR) Regulations, 2015. A separate section titled 'Corporate Governance Report' **Annexure-VIII** under the SEBI (LODR) Regulations, 2015 along with a Corporate Governance certificate from the Practicing Company Secretary in the **Annexure-IX** and CFO Certificate in the **Annexure-X** forms the part of this report.

Internal Control Systems and Their Adequacy:

The Company has an Internal Control System, commensurate with the size, scale and complexity of its operations. To maintain its objectivity and independence, the Internal Audit Functions reports to the Board. Based on the report of internal audit function, process owners undertake corrective action in their respective areas and thereby strengthen the controls.

Vigil Mechanism:

The Company's Board of Directors, pursuant to the provisions of Section 177(9) of the Act read with Rule 7 of the Companies (Meetings of Board and its Powers) Rules, 2014, has framed 'Whistle Blower Policy' for Directors and employees of the Company. The policy is to provide a mechanism, which ensures adequate safeguards to employees and Directors from any victimisation on raising of concerns of any violations of legal or regulatory

requirements, incorrect or misrepresentation of any, financial statements and reports, and so on. The employees of the Company have the right/option to report their concern/grievance to the Chairman of the Audit Committee. The Company is committed to adhere to the highest standards of ethical, moral and legal conduct of business operations. The Whistle Blower Policy is hosted on the Company's website www.apollo-micro.com

Investors Education and Protection Fund (IEPF)

Pursuant to section 124 of the Act, Dividends that are unclaimed for a period of seven years are required to be transferred to the IEPF, established by the Government of India. During the year under review, there was no outstanding amount of unclaimed dividends which was liable to be transfer to the IEPF.

Human Relations:

The Company continues to have cordial and harmonious relationship with its employees and thank all employees for their cooperation and the contribution towards harmonious relationship and progress of the company.

Policy on Sexual Harassment:

Your Company is committed to provide work environment that ensures every employee is treated with dignity and respect and afforded equitable treatment. The Company is also committed to promoting a work environment that is conducive to the professional growth of its employees and encourages equality of opportunity and will not tolerate any form of sexual harassment and to take all necessary steps to ensure that its employees are not subjected to any form of harassment.

Thus, in order to create a safe and conducive work environment the Company has in place a policy for prevention of sexual harassment in accordance with the requirements of the Sexual Harassment of women at workplace (prevention, Prohibition, & Redressal) Act, 2013. Further, the Company has complied with provisions relating to constitution of Internal Complaints Committee under Sexual Harassment of women at workplace (Prevention, Prohibition, & Redressal) Act, 2013. The Committee has been set up to redress complaints received regarding sexual harassment. All employees (permanent, contractual, trainees, temporary) are covered under this policy. The Company did not receive any complaint during the period under review.

Acknowledgements:

The Board thanks all customers, bankers, investors, shareholders, vendors and other stakeholders for their continued support and patronage during the year under review. The Board also places on records its sincere appreciation to the employees of the Company for their efforts, hard work and dedication, which enabled the Company to achieve the targets and recognition.

ANNEXURE-IV

DIVIDEND DISTRIBUTION POLICY

1. Introduction

The Securities Exchange Board of India (SEBI) on July 8, 2016 has notified the SEBI (Listing Obligations and Disclosure Requirements) (Second Amendment) Regulations, 2016 (Regulations). The Securities and Exchange Board of India vide SEBI (Listing Obligations and Disclosure Requirements) (Second Amendment) Regulations, 2016, introduced Regulation 43A in the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, which requires top five hundred listed entities based on market capitalisation (calculated as on March 31 of every financial year) to formulate a dividend distribution policy, which shall be disclosed in their annual reports and on their websites.

As per Regulation 43A of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, APOLLO MICRO SYSTEMS LIMITED has voluntarily adopted Dividend Distribution policy at its Board of Directors Meeting held on 24th November 2017 being the effective date of policy.

Objective

The intent of the Policy is to broadly specify the external and internal factors including financial parameters that shall be considered while declaring dividend and the circumstances under which the shareholders of the Company may or may not expect dividend and how the retained earnings shall be utilized, etc.

The Board of Directors (Board) may consider declaration of interim dividend depending upon the cash flow situation of the Company. The dividend distribution shall be as per the recommendations of the Board and shall always be decided at an annual general meeting of shareholders in case of final dividend. Depending on the long term growth strategy of the Company and the prevailing circumstances, the Board may consider a higher dividend payout ratio, while trying to ensure that sufficient funds are retained for growth of the Company.

2. Policy

Declaration and payment of Dividend In compliance with Section 51 of the Act, the Company shall pay dividend proportionately, i.e., in proportion to the amount paid-up on each share. Dividend for a financial year shall be paid after the annual financial statements of the Company are finalised and the amount of distributable profits is available. The declaration and payment of dividend shall be in accordance with the provisions of Sections 123 to 128 of the Act. Pursuant to the provisions of Section 123 of the Act, the Board shall recommend dividend for any financial year subject to the following:

- (a) out of the profits of the Company for that year arrived after providing for depreciation; or
- (b) out of the profits of the Company for any previous financial year(s) arrived at after providing for depreciation and remaining undistributed; or
- (c) out of both (a) and (b).

A. PARAMETERS AND FACTORS FOR DECLARATION OF DIVIDEND

The Board shall consider the following various circumstances like current year's profit, future outlook, reinvestment opportunities of the Company, tax benefits, Company's present and future performance for declaration and payment of dividend. The dividend payout decision of the Board depends upon the following financial parameters, internal and external factors:

Financial parameters and Internal Factors:

- i. Operating cash flow of the Company;
- ii. Profit earned during the year;
- iii. Profit available for distribution;
- iv. Accumulated Profits;
- v. R & D Expenditure
- vi. Free Reserves;
- vii. Earnings Per Share (EPS);
- viii. Working capital requirements;
- ix. Capital expenditure requirement;
- x. Business expansion and growth;
- xi. Likelihood of crystallization of contingent liabilities, if any;
- xii. Up gradation of technology and physical infrastructure;
- xiii. Creation of contingency fund;
- xiv. Acquisition of business;
- xv. Cost of Borrowing; and
- xvi. Past dividend payout ratio / trends.

External Factors:

- i. Economic environment;
- ii. Capital markets;
- iii. Global conditions;
- iv. Statutory provisions and guidelines; and
- v. Dividend payout ratio of competitors.

B. Circumstances under Which the Shareholders of the Company May Expect Dividend

The decision regarding dividend pay-out is a crucial decision as it determines the amount of profit to be distributed among shareholders of the Company and the amount of profit to be retained in business. The decision seeks to balance the dual objectives of appropriately rewarding shareholders through dividends and retaining profits in order to maintain a healthy capital adequacy ratio to support future growth. The Board of Directors of the Company will assess the Company's financial requirements, including present and future organic and inorganic growth opportunities and other relevant factors and declare Dividend in any financial year. The Dividend including Interim Dividend for any financial year shall normally be paid out of the Company profits for that year. This will be arrived at after providing for depreciation in accordance with the provisions of the Companies Act, 2013. If circumstances require, the Board may also declare dividend out of accumulated profits and free reserves of any previous financial year(s) in accordance with provisions of the Companies Act, 2013 and Regulations, as applicable.

C. Circumstances under Which the Shareholders may not Expect Dividend

The shareholders of the Company may not expect dividend in the following circumstances, subject to discretion of the Board of Directors:

- i. Proposed expansion plans requiring higher capital allocation;
- ii. Decision to undertake any acquisitions, amalgamation, merger, joint ventures, new product launches etc. which requires significant capital outflow;
- iii. Requirement of higher working capital for the purpose of business of the Company; and
- iv. In the event of loss or inadequacy of profit.

D. Utilization of the Retained Earnings

The Board may retain its earnings in order to make better use of the available funds and increase the value of the stakeholders in the long run. The decision of utilization of the retained earnings of the Company shall be based on the following factors:

- Market expansion plan;
- Infrastructure enhancement;
- Modernization plan;
- Diversification of business;
- Long term strategic plans;

- Replacement of capital assets;
- Where the cost of debt is expensive;
- Dividend payment; and
- Such other criteria as the Board may deem fit from time to time.

E. Manner of Dividend Payout

In case of final dividend: i. Recommendation, if any, shall be done by the Board, usually in the Board meeting that considers and approves the annual financial statements, subject to approval of the shareholders of the Company. ii. The dividend as recommended by the Board shall be approved/declared at the Annual General Meeting of the Company. iii. The payment of dividends shall be made within the statutorily prescribed period from the date of declaration, to those shareholders who are entitled to receive the dividend on the record date/book closure period, as per the applicable law. In case of interim dividend: i. Interim dividend, if any, shall be declared by the Board. ii. Before declaring interim dividend, the Board shall consider the financial position of the Company that allows the payment of such dividend. iii. The payment of dividends shall be made within the statutorily prescribed period from the date of declaration to the shareholders entitled to receive the dividend on the record date, as per the applicable laws. iv. In case no final dividend is declared, interim dividend paid during the year, if any, will be regarded as final dividend in the Annual General Meeting.

F. Parameters to be Adopted with Regard to various Classes of shares

Since the Company has issued only one class of equity shares with equal voting rights, all the members of the Company are entitled to receive the same amount of dividend per share. The Policy shall be suitably modified at the time of issue of any new class of shares depending upon the nature and guidelines thereof.

4. Non Applicability of Policy

The Policy shall not apply to:

- Determination and declaration of dividend on preference shares, as and when issued by the Company, as the same will be as per the terms of issue approved by the shareholders;
- Issue of Bonus Shares by the Company; and
- Buyback of Securities.

The Policy is not an alternative to the decision of the Board for recommending dividend, which is made every year after taking into consideration all the relevant circumstances enumerated hereunder or other factors as may be decided as relevant by the Board.

5. Policy Review and Amendments

In case of any subsequent changes in the provisions of the Act or Regulations or Income Tax Act, 1961 or any other regulations which makes any of the provisions of this Policy inconsistent with the Act or such other regulations, then the provisions of the Act or such other regulations would prevail over this Policy and the relevant provisions contained in this Policy would be modified accordingly in due course to make it consistent with applicable laws. Any such amendments shall be disclosed along with the rationale for the same in the Annual Report and on the website of the Company.

6. Disclosures

The Dividend Distribution Policy shall be disclosed in the Annual Report and on the website of the Company i.e. at www.apollo-micro.com

7. Disclaimer

This document does not solicit investments in the Company's securities and further is not an assurance of guaranteed returns (in any form), for investments in the Company's equity shares.

ANNEXURE-V

DISCLOSURE WITH RESPECT TO APOLLO EMPLOYEES STOCK OPTIONS SCHEME – 2018 ("ESOS – 2018") OF THE COMPANY AS AT MARCH 31, 2019

Sl. No.	Particulars	ESOS-2018

FORM NO MR-3

SECRETARIAL AUDIT REPORT

For the Financial Year Ended 31 March, 2019

[Pursuant to Section 204 (1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To The Members,

APOLLO MICRO SYSTEMS LIMITED

CIN L72200TG1997PLC026556

Registered office:

Plot No 128/A, Road No. 12, BEL Road,

IDA Mallapur, Uppal Mandal,

Hyderabad, Rangareddi, Telangana, India – 500076.

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by APOLLO MICRO SYSTEMS LIMITED (hereinafter called “the Company”). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I, hereby report that in my opinion, the Company has, during the audit period covering the financial year ended 31st March, 2019 complied with the statutory provisions listed here under and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records made available to me and maintained by the Company for the financial year ended 31st March, 2019 according to the provisions of:

- i. The Companies Act, 2013 (the Act) and the rules made thereunder;
- ii. The Securities Contract (Regulation) Act, 1956 (SCRA) and the rules made thereunder;
- iii. The Depositories Act, 1996 and the Regulations and Byelaws framed thereunder;
- iv. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings; [Applicable only to the extent of Foreign Direct Investment]
- v. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (SEBI Act) and as amended from time to time:-
 - a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

REPORT ON CORPORATE GOVERNANCE

Corporate Governance Philosophy

Transparency and accountability are the two basic tenets of Corporate Governance which are integral part of our business and endeavour to ensure fairness for every stakeholder- our customers, investors, vendors and the communities wherever we operate. At APOLLO, we feel proud to belong to a Company whose visionary founders laid the foundation stone for good governance long back and made it an integral principle of the business. We always seek to ensure that our performance is driven by integrity, value and ethics. Responsible corporate conduct is integral to the way we do our business.

We, at APOLLO, ensure that we evolve and follow the corporate governance guidelines and best practices. The norms and processes of Corporate Governance reflect our commitment to disclose timely and accurate information regarding our financial and operational performance, as well as the Company's leadership and governance structure.

Our Board is responsible for shaping the long-term vision and policy approach to steadily elevate the quality of governance in our Organisation. At APOLLO, we firmly believe that an active, well-informed and independent Board is necessary to ensure the highest standards of Corporate Governance to bring objectivity and transparency in the Management. This belief is reflected in our governance practices, under which we strive to maintain an effective, informed and independent Board. We keep our governance practices under continuous review and benchmark ourselves to best practices across the globe.

Our Competitive Strengths

- Proven track record in developing new technological systems and order execution
- Recurring orders from existing programs

- Strong R&D Capabilities
- Qualified and experienced workforce and senior management
- Quality control
- Focus on R&D to develop complete systems to enhance the long-term prospects of our Company
- Improving our productivity and competitiveness
- Continue to grow our overall market share by leveraging our presence in existing business verticals

Board of Directors

a) Composition of Board

The Board of Directors of the Company is the highest governance authority within the management structure of the Company. Further, the Board of Directors of the Company is totally committed to the best practices within the Company for effective corporate governance practices. The Board regularly reviews and updates corporate governance practices to accommodate developments within the market place in general and the business in particular.

The Company has an active, experienced and a well-informed Board. The Board along with its Committees undertakes its fiduciary duties keeping in mind the interests of all its stakeholders and the Company's Corporate Governance philosophy.

As on 31 March, 2019, the Board comprised six Directors. The Chairman of the Company is Non Executive Independent Director. Out of the total strength, two (i.e. 1/3rd) are Non Executive Independent Directors (including one woman Independent Director). The composition of the Board of Directors of the Company is in conformity with the SEBI (LODR) Regulations, 2015 and the Companies Act, 2013 ('the Act').

The composition and category of Directors on Board of the Company and directorships or committee memberships across other Companies are as follows:

- c. Aggregate Limits of such facilities can be increased not more than the double of the existing limits in one financial year. If the limit going to be increased is more than the double of the existing then approval of Board is required.
- d. In respect of dealings between company and its bankers, the exercise by the Committee the power specified herein shall mean the arrangement made by the company with its bankers for the borrowing of money by way of overdraft or cash credit or otherwise and not the actual day-to-day operation on overdraft, cash credit or other accounts by means of which the arrangement so made is actually availed of.
- e. The decision of the Chairman of the committee is final irrespective of opposition raised by the members of the committee.

B. Responsibilities of Executive Committee

- a. To act within the scope of delegated authority.
- b. To place all such decisions, resolutions passed and discussions including the minutes of the meetings before the Board of Directors in its very next board meeting that is to be held post the Committee meeting.

During the year under review, the Executive Committee met once on 28th March, 2019.

Sr. No.	Name of Member	No of Meeting attended
1.	Karunakar Reddy Baddam	1
2.	Venkata Siva Prasad Chandrapati	1
3.	Krishna Sai Kumar Addepalli	1
4.	Sudarshan Chiluveru	1

The meetings of the Executive Committee are also attended by the Company Secretary. The minutes of each Executive Committee meeting are placed and confirmed in the next meeting of the Board.

Directors Remuneration

Non Executive Directors including Independent Directors do not have any pecuniary relationships or transactions with the Company. However, the independent directors were paid sitting fees of ₹20,000/- for attending the meetings of the Board of Directors or Committees. However, with effect from 25th August, 2018 sitting fees for attending the meeting of Board and Committees were paid on per day basis to Independent Directors of the Company.

Remuneration of Executive Directors is decided by the Board of Directors, subject to the approval of shareholders, based on recommendation of Nomination and Remuneration Committee.

Details of remuneration paid to Directors of the Company for the financial year ended 31st March 2019 are as follows-

Disclosures

a) Related party transactions

Audit Committee reviews the Related Party Transactions periodically. All transactions entered into with related parties as defined under the Companies Act, 2013 and the SEBI (LODR) Regulations 2015 during the financial year were in ordinary course of business and on arm's length basis.

None of the transactions with any of the related parties was in conflict with the Company's interest. Attention of members is drawn to the disclosure of transactions with related parties set out in Note no. 33 of Financial Statements, forming part of the Annual Report. Company has formulated a "Related Party Transaction Policy" to ensure the proper approval and reporting of transactions between the Company and its Related Parties. This Policy as considered and approved by the Board has been uploaded on the website of the Company at www.apollo-micro.com. The Audit Committee/ Board may review and amend this policy from time to time.

b) Details of Non-compliance

The Company has complied with the requirements of the BSE, NSE, SEBI and other statutory authorities on all matters relating to capital markets during the last year. A report on the compliances on the applicable laws for the Company is placed before the Board on a quarterly basis for its review and consideration. There has been no instance of non-compliance with any legal requirements, nor have

there been any strictures imposed by any stock exchange or SEBI, on any matters relating to the capital market over the last three years.

c) Whistle Blower Policy and Vigil Mechanism

The Company is committed to adopt the best Corporate Governance Practices and to follow the highest possible moral, legal and ethical standards in the conduct of its business. In line with this commitment, Whistle blower Policy was designed to provide a mechanism for employees / Board Members and others to raise good faith concerns about unethical behaviour, actual or suspected fraud or violation of Company's Code of Conduct and to protect the individuals who take such actions from retaliation or any threat of retaliation.

The Whistleblower Policy and Vigil Mechanism ensures that strict confidentiality is maintained in such cases and no unfair treatment is meted out to a Whistleblower. The Company, as a Policy, condemns any kind of discrimination, harassment, victimisation or any other unfair employment practice being adopted against Whistleblowers.

d) Details of compliance with mandatory requirements and adoption of the discretionary requirements

The Company has fully complied with the mandatory requirements of the Code of Corporate Governance as specified in Regulation 17 to 27 and clauses (b) to (i) of sub regulation (2) of Regulation 46 of SEBI (LODR) Regulations, 2015. In addition, the Company has also adopted the following non mandatory requirements to the extent mentioned below:

- Separate posts of Chairman and Managing Director: The Company has maintained separate posts for Chairperson and Managing Director of the Company.
- Reporting of Internal Auditor: The Internal Auditor of the Company directly reports to the Audit Committee on functional matters.

e) Accounting treatment in preparation of financial statement

The Company has followed the Accounting standards notified by the Institute of Chartered Accountants of India, as amended from time to time, in preparation of its financial statements.

f) Certificate for transfer of Shares and Reconciliation of Share Capital

Pursuant to Regulation 40(9) of the SEBI (LODR) Regulations, 2015, certificates on half-yearly basis, have been issued by a Company Secretary-in-Practice with respect to due compliance of share transfer formalities by the Company.

Pursuant to SEBI (Depositories and Participants) Regulations, 1996, certificates have also been received from a Company Secretary-in-Practice reconciling the total shares held in both the depositories, viz. NSDL and CDSL and in physical form with the total issued / paid-up capital of the Company and submitted the same to the BSE and NSE where the securities of the Company are listed within 30 days of the end of each quarter.

g) Risk management

The Company has established a risk management framework where in a Committee comprising of the senior executives of the Company has been established which periodically identify potential risks to the strategy of the Company and take effective measures to mitigate the same in the best possible manner. The Board is also periodically updated on the key risks, steps and processes initiated for reducing and, if feasible, eliminating various risks.

h) CEO/CFO certification

As required under Regulation 17(8) of the SEBI (LODR) Regulations, 2015, the Managing Director and the Chief Financial Officer of the Company have certified to the Board regarding the Financial Statements for the year ended on March 31, 2019 which is annexed to Annual Report.

i) Certificate on Non-disqualification of Directors

The Company has received a certificate from a Mr. Datla Venkatesh, Company Secretary in Practice, certifying that none of the Directors on the Board of the Company has been debarred or disqualified from being appointed or continuing as directors of companies by the Securities and Exchange Board of India, Ministry of Corporate Affairs or any such statutory authority.

j) Recommendations of the Committees of the Board

During the year under review, there was no such instances, where the Board has not accepted any recommendations of any Committee of the Board, which is mandatorily required.

CERTIFICATE ON CORPORATE GOVERNANCE

To
The Members of
APOLLO MICRO SYSTEMS LIMITED

I have examined the compliance of the conditions of Corporate Governance by APOLLO MICRO SYSTEMS LIMITED ('the Company') for the financial year ended 31st March 2019, as stipulated in the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('the Listing Regulations').

The compliance of the conditions of Corporate Governance is the responsibility of the management.

My examination was limited to a review of procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of Corporate Governance.

It is neither an audit nor an expression of opinion on the financial statements of the Company. In my opinion and to the best of my information and according to the explanations given to me, and the representations made by the Directors and the management, I, certify that the Company has complied with the conditions of Corporate Governance as stipulated in the Listing Regulations during the financial year ended 31st March 2019.

I state that such compliance is neither an assurance as to the future viability of the Company nor of the efficiency or effectiveness with which the management has conducted the affairs of the Company.

ANNEXURE-X

CFO CERTIFICATION

I the undersigned, in my capacity as Chief Financial Officer of Apollo Micro Systems Limited ("the Company") to the best of my knowledge and belief certify that:

A. I have reviewed financial statements and the cash flow statement for the year ended March 31, 2019 and that to the best of my knowledge and belief, I state that:

- i. these statements do not contain any materially untrue statement or omit any material fact or contain statements that might be misleading;
- ii. these statements together present a true and fair view of the listed entity's affairs and are in compliance with existing accounting standards, applicable laws and regulations.

B. I further state that to the best of my knowledge and belief, no transactions entered into by the listed entity during the year which are fraudulent, illegal or violative of the listed entity's code of conduct.

C. I am responsible for establishing and maintaining internal controls for financial reporting and that they have evaluated the effectiveness of internal control systems of the listed entity pertaining to financial reporting and they have disclosed to the auditors and the audit committee, deficiencies in the design or operation of such internal controls, if any, of which they are aware and the steps they have taken or propose to take to rectify these deficiencies.

D. I have indicated to the auditors and the Audit committee:

- i. significant changes in internal control over financial reporting during the year;
- ii. significant changes in accounting policies during the year and that the same have been disclosed in the notes to the financial statements; and
- iii. Instances of significant fraud of which I have become aware and the involvement therein, if any, of the management or an employee having a significant role in the listed entity's internal control system over financial reporting.

MANAGEMENT DISCUSSION AND ANALYSIS (MD&A)

Global Economy

The world economy grew by 3.6% during 2018 facing several challenges on account of ongoing trade war between two major economies, USA and China. Policies were adopted by major economies such as Europe, China and the USA, which responded well and aided in the reversal of tightening financial conditions across many countries.

The economy is, however, facing rising debt levels, which has increased by an average of 15 bps to 51% of GDP in 2018 in Emerging markets and developing economies (EMDEs). Further, amidst low global inflation and a deterioration of the growth outlook, the prospect that the U.S. Federal Reserve and other major central banks will tighten monetary policy in the near term has faded, thereby, easing the global financing conditions and leading to recovery in capital flows to EMDEs. (Source: IMF, World Bank)

The global economy is estimated to grow at 3.2% in CY 2019 and 3.5% in CY 2020. The investment growth in EMDEs is expected to remain soft, particularly in commodity exporters and countries affected by recent pressures. The growth is projected to uptick beyond 2020 at around 3.6% on account of sustained growth in economies, like India and China are estimated to grow at a faster space compared to other EMDEs. (Source: IMF)

Indian Economy

Indian economy grew at 6.8% in FY19 on account of robust consumption, recovery in investment and improvement in monetary policy. The sectors which registered robust growth in GVA during the year under review included 'public administration, defence and other services' (registering

8.6%), 'construction' (recording 8.7%), 'financial, real estate and professional services' (registering 7.4%) and 'electricity, gas, water supply & other utility services' (recording 7%). While, the growth in the 'agriculture, forestry and fishing', 'mining & quarrying', 'manufacturing' and 'trade, hotels, transport, communication and services related to broadcasting' was around 2.9%, 1.3%, 6.9% and 6.9% respectively.

A slowdown in consumption was offset by sustained investments, from both private investment and public infrastructure spending. However, in Q4 2019, the economy witnessed a softening of growth rate on account of decline in growth of private consumption expenditure, tepid increase in fixed investment and muted exports. The economy grew at 5.8% in the Q4 of 2019, against 6.6% during the same period in the previous year. On the contrary, the overall investments rebounded in FY 2019 with fixed investments growing at 12.2%, as compared to 7.6% in FY 2018.

The Indian economy is positioned to recover its growth trajectory with an estimated growth rate of 7% in FY 2019-20. The growth will be supported by growth in the manufacturing sector and recovery in the growth of agriculture and allied activities. Private consumption and investment will benefit from strengthening credit growth amid more accommodative monetary policy, with inflation having fallen below the Reserve Bank of India's target. Growth rates for the Indian economy is expected to be much higher than the global growth rates thus placing the economy on a solid footing even amidst growing global uncertainties. The government of India plans to make Indian economy worth US\$ 5 trillion by 2025 from the current value of US\$ 2.7 trillion growing at an average rate of 8% every year. (Source: Economic Survey 2019-20, National Statistical Office, Ministry of Statistics & Programme Implementation Government of India)

Electronics hardware Sector - Overview

Electronics hardware production has witnessed three-fold growth in the past three years on account of growing demand in the downstream industries, digitization and rising disposable income. It has grown at a CAGR of 26.7% between FY 2014-2018 recording a market value of ₹3.88 trillion in FY 2018-19. With the growing consumption of electronics product and its application in India, the demand for Electronic hardware is estimated to reach US\$ 400 billion by FY 2024.

Electronic Systems Design and Manufacturing (ESDM)

The Electronic Systems Design and Manufacturing (ESDM) plays a vital role in the growth of the country's economy. Changing technological landscape and rapid shift towards digitization is increasing the need to develop indigenous electronics production capacities. The sector is known as the 'meta resource' required across sectors to drive efficiency, affordability, sustainability, delivery of services and inclusive growth. The electronic industry is divided into many sectors, revenue break-up of the same as been shown in figure 3. The Indian market is witnessing a huge gap between supply and demand, as a result, players like Apollo Micro Systems, have been leveraging their state-of-the-art technology and agility to capitalize on the unserved demand in the country. Moreover, the industry will be further driven by growth in telecom equipment (including mobile devices), consumer appliances, automotive, industrial and strategic electronics applications sectors.

Strategic Electronics

The total production of Strategic electronics for the year FY 2019 stood at ₹28,270 crore as compared to ₹23,562 crore in FY 2018 registering a growth of 20% over previous year. The sector has been growing at CAGR of 15.84% between FY 2015 to FY 2019 and is expected to continue this growth rate in short-term tenure. The industry serves as the backbone for many industries including weapon systems, platforms and equipment designed and developed for defence purposes.

Over the years, the sector has witnessed a paradigm shift due to the inclusion of private players along with public sector undertakings (PSUs). The government of India has been undertaking various reforms to strengthen the defence sector, arms & ammunitions, this will serve as one of the major growth drivers for the segment. One of the vital areas of the sector includes R&D along with adoption of state-of-the-art technology for designing, developing and upgrading mission-critical systems in defence and civil domains. Moreover, economic growth and low costs are likely to provide a boost to the aerospace market.

Figure 4: Production of Strategic Electronics (₹ in crore)

(Source: Ministry Of Electronics and Information Technology)

Industrial Electronics

The Industrial electronics sector contributed around 18% of the total output of the electronics goods industry in FY 2019. The total production of Industrial electronics has grown at a robust rate of 17% YoY basis to ₹80,850 crore in FY 2019 from ₹69,057 crore in FY 2018. The growth is mainly on account of increasing digitization and application of robotics in Industry 4.0 revolution. Moreover, government policies such as Make in India, Smart Cities and Digital India will lead to a shift of demand towards smart and automation electronic solutions.

With the introduction of robotics, to manage processes and equipment for sensitive industries like chemical industry and nuclear power generation, and increasing use of Artificial intelligence has led to drive in efficiency and improved quality. Introduction of new technologies such as decision analysis, 3D coordinate systems, smart image processing, nanotechnology and nanoscale assemblies has changed the dynamics of the sector.

Policies supporting growth of ESDM

Make in India

Make in India is one of the key policies providing impetus to ESDM by accelerating investments, fostering innovation, protecting intellectual property, and building best-in-class manufacturing infrastructure. The main aim of the Government is to strengthen the capabilities of the domestic manufacturers to compete with importers by rationalization of tariff structure, simplification of procedures, enabling policies, providing incentives and upgrading infrastructure. Unlike other policies, Make in India has more accountability with Nodal officers across all the stake holders with periodic review, monitoring and corrective actions taken from time to time. This has been a effective growth factor for the Indigenous Industry who strived to survive for long years. Although a perception revolved

around that Make in India is not affective, it is important to note that there is a serious change in ground scenario and the outlook of various agencies, stake holders across all sectors. A notable point is to have a specific purchase preference clause amongst all major procurement tenders, for Make in India products and solutions.

National Electronic Policy 2019

National Electronic Policy 2019 is expected to provide a huge boost to make in India and will add to India's efforts of being the global hub for ESDM, apart from making electronics sector more competitive. The policy is aimed at improving electronics sector and increasing the exports leading to build a strong foundation and propel the growth of the ESDM industry.

Defence Production Policy 2018

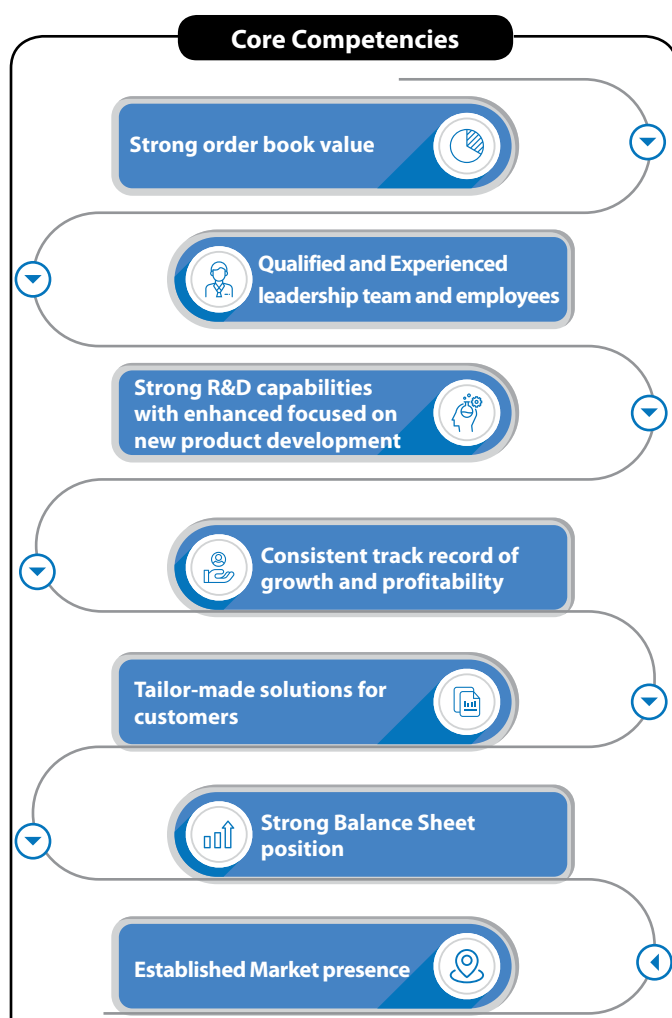

The Defence Production Policy 2018 (DProP 2018) aims at catapulting India into the ranks of the world's top five defence producers as well as encourage domestic value addition in the sector. In order to boost FDI in defence production, DProP 2018 has allowed 74% FDI under the automatic route for 'niche technology areas'. Significant changes brought into the DPP in recent past encouraging more and more Indian Players through IDDM (Indigenously Designed Developed and manufactured) procurement is an added boost for the industry which is a big step towards achieving the vision of making India fully self reliant.

Electronics Development Fund (EDF)

To encourage and enable creation of a vibrant ecosystem of research, innovation and development, the Government has set up the Electronics Development Fund as a fund of funds. This was in regards to provide risk capital to daughter funds for investing in the development of new technologies in areas of electronics, nano-technology and Information Technology (IT).

Company Overview

Apollo Micro Systems Limited (AMS), is a pioneer in design, development and assembly of custom-built electronics and electro-mechanical solutions. The Company mainly caters to defence, space and homeland security for Ministry of Defence, Government controlled public sector undertakings and private companies. It has been leveraging its Industry experience to expand its business and geographical presence in the global market through organic and inorganic growth strategy. Apart from defence sector, the Company is aiming to enter into emerging projects such as Smart City projects, projects related to protection of strategic and critical infrastructure projects by utilising its existing infrastructure and technical capabilities. Company has also entered and pursuing to enter into strategic alliances with globally renowned companies to address the emerging and growing market requirements.

Review of operations

The Company has its operations spread across into many divisions including electronic, electro-mechanical, engineering designs, manufacturing and supplies. It indulges in designing, developing and selling high-performance, mission and time critical solutions to Defence, Space and Home Land Security for Ministry of Defence, Government controlled public sector undertakings and private sector.

AMS offers customised solutions to its customers which are developed using common hardware and software technology which can be re-configured to suit the end application and domain requirements of the end customer. The huge repository of knowledge and technology base of AMS developed since inception is a key advantage and also gives the much needed agility to constantly upgrade the technologies to meet present and futuristic requirements of our customers.

The defence systems supplies can be broadly classified as On-Board Systems and Ground support equipment. On-Board systems are electronic systems which are integrated On-Board a Weapon or a Vehicle (Vehicle could be a Missile, Aircraft, Ship, Submarine or Battle Tank) which are used for navigational requirements, on-board computation, instrumentation & control, telemetry, Payload acquisition and encoding, command & Guidance, Signal Processing, Seeker data processing, Height Analyzers requirement (Altimeter), Power Electronics and to power the On-Board Electronics. Ground Support Equipment means any other electronics which are associated and communicate with On-Board equipment or other support equipment which are required for command control communication, Ground Checkout, Launch of Vehicles and other associated systems. The Company offers both On-Board Systems as well as Ground support equipment.

Financial Overview

During the year under review, the Company experienced healthy growth on YoY basis in revenue and profitability on account of growth in downstream industry and robust inflow of orders. In accordance with the SEBI (Listing Obligations and Disclosure Requirements) (Amendment) Regulations 2018, the Company is required to provide details of significant changes (i.e. change of 25% or more as compared to the immediately previous financial year) in key financial ratios, along with detailed explanations therefore. Table 1 provides a summary of the financial parameters along with key ratios affecting the Company.

Table 1: Summary of Key financial Parameters and ratios

Particulars	FY 2018-19	FY 2017-18	YoY Change
Revenue from operations	2,62,97,53,243	2,20,46,13,913	19.28%

Human Resource

With Human Capital at the centre of every decision, AMS believes that it is important for it to have right people at right time and in right place to capitalize the market opportunities and move ahead in the direction of growth. It has an unbiased system of performance appraisal, remuneration and constantly promotes inclusion and diversity. It constantly undertakes steps to recognize its best performing employees through various awards and recognition programmes. As on 31st March 2019, the company's employee strength stood at 274 employees including a design and development team of 150+ employees.

Risk Management

Risk	Definition	Mitigation Strategy	Outcome
Technological Risk	Technological developments are taking place in the industry and the Company's failure to adopt the new technology can have a severe impact on business sustainability and profitability	The Company's R&D team constantly monitors the changes in technological landscape enabling the Company to timely and efficiently adopt new technologies and upgrade the existing ones to meet the requirement of the customers. Moreover, the state-of-the-art technologies available with the Company is one of the key USPs distinguishing it from its peers.	₹ 10,33,58,300 Invested in R&D activities
Liquidity Risk	Liquidity crunch may occur on account lack of cash and cash equivalent to meet the working capital requirement of the Company leading to temporary slowdown of the Company's operations.	The company has a healthy inflow of orders from new and existing customers on account of strong R&D investment. Thus, the Company has sufficient cash and cash equivalent balance to meet the working capital requirement and mitigate any unforeseen short-term obligations.	Healthy cash and cash equivalent balance as on 31st March 2019
Employee Risk	Employees risk involves retention and hiring of competent and capable personals.	AMS has developed a strong HR team with a focus on retaining top talents and ensuring the right person is doing the right thing. Moreover, to improve the productivity and skills of the employees, the Company conducts technical and managerial skill development programmes regularly.	33% Growth of number of employees over previous year
Quality Risk	Unable to meet the quality requirement might have adverse impact on the Company's reputation as well as lead to loss in revenue.	To ensure top-notch quality products are manufactured, the Company regularly has stringent quality checks procedure and follows Quality Assurance Plan for every product during execution. The company's operations have received ISO 9001:2015 and CEMILAC certificate that ensures the quality of its products. It has also completed the Stage -I Audit of AS 9100 D	AMS quality system is certified as per ISO 9001:2015
Intense competition	The Defence ESDM sector consists of many small and big players. This could affect pricing and have a material adverse effect on business, financial condition and results of operations.	AMS is an established player in its Industry space backed by strong technological competencies, superior service offerings, experienced leadership team and top management enabling the company to standout against its peers	30 years Average years of experience possessed by the top management

Internal Control and its adequacy

Your Company has put in place all required internal controls and systems appropriate with its size and nature of the business. To monitor and manage the risks, the company needs to have a system based approach which is already inherent in the company's operation, which is backed by a stringent internal control system. The effectiveness of the internal controls is continuously monitored by professionally qualified Internal Auditor and his team. The Internal Audit's main objective is to provide to the Audit Committee and the Board of Directors, an independent, objective and reasonable assurance of the adequacy and effectiveness of the organization's risk management, control and governance processes. The strong internal audit functions ensures effective Redressal of the key business risks. The detailed Internal Audit Report of Internal Auditor are placed before the Audit Committee for its review and advice.

Cautionary Statement

Statements in this Management Discussion and Analysis describing the Company's objectives, projections, estimates, and expectations may be "forward-looking statements" within the meaning of applicable laws and regulations. Actual results might differ substantially or materially from those expressed or implied. Important developments that could affect the Company's operations include a downtrend in the industries in which the Company operates, significant changes in political and economic environment in India or key markets abroad, tax laws, litigation, labour relations, exchange rate fluctuations, interest, and other costs.

INDEPENDENT AUDITOR'S REPORT

To
The Members of,
Apollo Micro Systems Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Apollo Micro Systems Limited ('the Company'), which comprise the Balance Sheet as at March 31, 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as 'the financial statements').

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ('Ind AS') and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sl. No.	Key Audit Matter	Auditor's Response
1	<p>Contingent liabilities and provisions</p> <p>Probable Liability for Import Duty for Non fulfilment of Export Obligation under Zero Duty EPCG Scheme</p> <p>The Company had availed import duty exemption of ₹1.61 crores in financial year 2014-15 under Zero Duty EPCG Scheme (the Scheme). As per this scheme the Company has export obligation equal to Six times of the duty exemption availed. The Company has obtained approval from the Concern Authorities for fulfilling the export obligations. This is a Contingent Liability which depends on performance of the export obligation by the Company with in the time period permitted.</p> <p>The probability or provision for the contingent liability involves high degree of judgment and estimates by the management and hence the contingent liability is considered as a key audit matter</p> <p>Refer Note-32.2 to the Financial Statements</p>	<p>Principal Audit Procedures</p> <p>We evaluated and tested key controls in respect of this contingent liability and regulatory procedures which are found to be satisfactory for audit</p> <p>Our procedure included the following:</p> <ul style="list-style-type: none"> We have perused the terms of Export Obligation under Zero Duty EPCG Scheme We have verified the amount of duty exemption availed under the scheme We have also verified the value and the period with in which export obligation to be fulfilled and extension of period approved by the Regulatory Authority We have also evaluated the significant judgment made by the management in its ability to perform the export obligations with in the period permitted for making provision as per requirement. The management expressed their proposals to have a quarterly review from next financial year for any likelihood and magnitude of any liability immediately.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also :

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's Report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the

financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ('the Order') issued by the Central Government in terms of Section 143 (11) of the Act, we give in Annexure-A a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, based on our audit we report that :
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on March 31, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in 'Annexure-B'. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial.
3. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us :
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial.
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. The disclosures in the financial statements regarding holdings as well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 have not been made in these financial statements since they do not pertain to the financial year ended 31 March 2019.

4. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of amendments to section 197(16) of the Act:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

ANNEXURE A

TO THE INDEPENDENT AUDITORS' REPORT

With reference to Annexure A as referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of the Company on the standalone financial statement for the year ended 31 March 2019, we report the following:

Sl No.	Ref to CARO	Report by Independent Auditors
1	3(i)	Fixed Assets
	3(ii)(a)	The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets on the basis of available information.
	3(ii)(b)	The Company has a regular program of physical verification of its fixed assets, by which all fixed assets are verified on annual basis, in our opinion, the periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, all fixed assets were physically verified during the year. According to the information and explanation given to us, no material discrepancies were noticed on such verification.
	3(ii)(c)	According to the information and explanations given to us and the records examined by us and based on the examination of sale deeds, conveyance deeds, encumbrance certificates verified by us, we report that the title deeds comprising all the immovable properties of lands, buildings which are free hold, are in the name of the Company as at the balance sheet date.,
2	3(ii)	Inventories
		As explained to us, the inventories has been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable. The Company has maintained proper records of inventory. There were no material discrepancies noticed on verification between the physical stock and the book records.
3	3(iii)	Loans to parties covered by Sec.189 of the Companies Act,2013 ('the Act')
		According to the information and explanation given to us, the Company has not granted any loans, secured or unsecured to body corporate, firms, Limited Liability Firms or other parties covered in the register required to be maintained under section 189 of the Act. Accordingly the provisions of the clause 3 (iii) of the Order are not applicable to the Company for the year under review.
4	3(iv)	Loans ,guarantees, securities to and investments in other companies
		In our opinion and according to the information and explanation given to us, the Company has no transactions for compliance U/s 185 and 186 of Companies Act, 2013. Accordingly the Clause 3 (iv) is not applicable to the Company.
5	3(v)	Acceptance of deposits
		In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits during the year as per provisions of Section 73 or 76 of the Act or any other relevant provisions of the Act and the relevant Rules framed thereunder. Accordingly the provisions of the Para 3 (v) of the Order are not applicable to the Company for the year under review.
6	3(vi)	Maintenance of cost records
		According to the information and explanations given us, the maintenance of cost records prescribed by the Central Government under section 148(1) of the Act read with Rule 3 of the Cost Audit Rules is not applicable to the Company. Accordingly cost audit under Sec.148(2) of the Act read with Rule 4 of the Cost Audit Rules under Para 3(vi) of the Order is not applicable to the Companyfor the year under review.
7	3(vii)	Statutory Dues
	3(vii)(a)	According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Provident Fund, Employee's State insurance, Income Tax, Goods and Service Tax, duty of Customs, Cess and other material statutory dues have been generally deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us, no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income tax, Goods and Service Tax, duty of Customs, Cess and other material statutory dues in arrears as at March 31, 2019 for a period of more than six months from the date they became payable.
	3(vii)(b)	According to the information and explanation given to us, there are no dues of statutory dues of Income tax, sales tax, Service tax, Goods and Service tax, Customs duty, Excise duty, Value added tax, cess and other dues that have not been deposited by the Company on account of any disputes.

SI No.	Ref to CARO	Report by Independent Auditors
8	3(viii)	Defaults in repayments to Financial Institutions/Banks/Debenture holders In our opinion and according to the information and explanation given to us, the Company has not defaulted in the payment/ repayments of loans or borrowings to the banks.
9	3(ix)	Initial public offer/further offer In our opinion and according to the information and explanation given to us, the Company has not made, during the year under review, any initial public offer or further public offer of securities (including debt instruments) or the term loans during the year and hence reporting under Para 3(ix) of the Order is not applicable to the Company.
10	3(x)	Frauds by or on the Company In our opinion and according to the information and explanation given to us, no material fraud by the Company or on the Company by its officers or employees has been noticed or reported during the course of our audit.
11	3(xi)	Managerial Remuneration In our opinion and according to the information and explanation given to us based on the examination of the records of the Company, the Company has paid/provided managerial remuneration in accordance with the requisite approvals and compliances mandated by the provisions of section 197 read with Schedule V to the Act.
12	3(xii)	Nidhi Company In our opinion and according to the information and explanation given to us, the Company is not a Nidhi Company as prescribed under Section 406 of the Act and hence paragraph 3(xii) of the Order is not applicable to the Company.
13	3(xiii)	Transactions with Related parties In our opinion and according to the information and explanation given to us and based on our examination of the records of the Company, all transactions with related parties are in compliance with provisions of section 177 and section 188 of the Act where applicable, and the details of such transactions have been disclosed in the standalone financial statements as required by the applicable Indian Accounting Standards.
14	3(xiv)	Preferential allotment u/s 62 or private placement u/s 42 of the Act In our opinion and according to the information and explanation given to us and based on our examination of the records, the Company has not made any preferential allotment of equity shares during the year. There is no private placement of shares by the Company under section 42 of the Act during the year.
15	3(xv)	Non-cash transactions with directors u/s 192 of the Act In our opinion and according to the information and explanation given to us and based on our examination of the records of the Company, the Company has not entered during the year into any non cash transactions with its Directors or persons connected to its Directors and hence provisions of Sec 192 of the Act and paragraph 3(xv) of the Order are not applicable to the Company.
16	3(xvi)	Registration u/s 45-1A of Reserve Bank of India Act, 1934 According to the information and explanation given to us, the Company is not required to be registered under section 45-1A of the Reserve bank of India Act, 1934 and hence paragraph 3(xvi) of the Order is not applicable to the Company.

ANNEXURE-B

TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Apollo Micro Systems Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Para (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial controls over financial reporting of Apollo Micro Systems Limited ("the Company") as of March 31, 2019 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

(All amounts in Indian Rupees, except share data and where otherwise stated)

1 General Information

Apollo Micro Systems Private Limited ("AMS") was incorporated on March 03, 1997. It got converted in to public limited company with effect from April 01, 2017. The Register office of the company is situated at Plot No. No.128/A, Road No-12, BEL Road, IDA Mallapur, Uppal Mandal, Rangareddy Dist-500076. AMS is in to the supply of Electronics and Electro-mechanical systems and components including Design, Research & Development of systems which are used in Missile Programmes (weapon Systems Electronics), Underwater Missile programmes (weapon Systems Electronics), Avionic Systems, Ship Borne Systems, Submarine Systems, etc. The Company is listed on the NSE and BSE.

2 Basis of preparation of financial statements

2.1 Statement of Compliance

The financial statements have been prepared in accordance of Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules 2015 notified under Section 133 of The Companies Act 2013 (the 'Act') and other relevant provisions of the Act.

The financial statements were authorised for issue by the Company's Board of Directors on May 17, 2019.

Details of the accounting policies are included in Note 3.

2.2 Basis of measurement

These financial statements have been prepared on the historical cost convention and on an accrual basis, except for the following material items in the statement of financial position:

- certain financial assets and liabilities are measured at fair value;
- employee defined benefit assets/(liability) are recognized as the net total of the fair value of plan assets, plus actuarial losses, less actuarial gains and the present value of the defined benefit obligation;
- long term borrowings are measured at amortized cost using the effective interest rate method."

2.3 Functional currency

The financial statements are presented in Indian rupees, which is the functional currency of the Company. Functional currency of an entity is the currency of the primary economic environment in which the entity operates.

All amounts are in Indian Rupees except share data, unless otherwise stated.

2.4 Operating cycle

All the assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013.

Assets:

An asset is classified as current when it satisfies any of the following criteria:

- it is expected to be realized in, or is intended for sale or consumption in, the Company's normal operating cycle;
- it is held primarily for the purpose of being traded;
- it is expected to be realized within twelve months after the reporting date; or
- it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

Liabilities:

A liability is classified as current when it satisfies any of the following criteria:

- it is expected to be settled in the Company's normal operating cycle;
- it is held primarily for the purpose of being traded;
- it is due to be settled within twelve months after the reporting date; or
- the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current assets/ liabilities include the current portion of non-current assets/ liabilities respectively. All other assets/ liabilities are classified as non-current.

2.5 Critical accounting judgements and key sources of estimation

In the application of the Company's accounting policies, which are described in note 3, the management of the Company are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The following are the areas of estimation uncertainty and critical judgements that the management has made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognised in the financial statements:

Provision and contingent liability

On an ongoing basis, Company reviews pending cases, claims by third parties and other contingencies. For contingent losses that are considered probable, an estimated loss is recorded as an accrual in financial statements. Loss Contingencies that are considered possible are not provided for but disclosed as Contingent liabilities in the financial statements. Contingencies the likelihood of which is remote are not disclosed in the financial statements. Gain contingencies are not recognized until the contingency has been resolved and amounts are received or receivable.

Useful lives of depreciable assets

Management reviews the useful lives of depreciable assets at each reporting. As at March 31, 2019 management assessed that the useful lives represent the expected utility of the assets to the Company. Further, there is no significant change in the useful lives as compared to previous year.

2.6 Measurement of fair values

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred."

3 Significant accounting policies

3.1 Revenue recognition

Effective April 1, 2018, the Company has applied Ind AS 115 which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised. Ind AS 115 replaces Ind AS 18 Revenue and Ind AS 11 Construction Contracts. The Company has adopted Ind AS 115 using the cumulative effect method. The effect of initially applying this standard is recognised at the date of initial application (i.e. April 1, 2018). The standard is applied retrospectively only to contracts that are not completed as at the date of initial application and the comparative information in the consolidated statement of profit and loss is not restated – i.e. the comparative information continues to be reported under Ind AS 18 and Ind AS 11. The impact of adoption of the standard on the financial statements of the Company is insignificant.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services."

The Company's revenues are derived from sale of goods and services.

- Revenue from sale of goods is recognized where control is transferred to the Company's customers at the time of shipment to or receipt of goods by the customers. There was no change in the point of recognition of revenue upon adoption of Ind AS 115.
- Service income, is recognized as and when the underlying services are performed. There was no change in the point of recognition of revenue upon adoption of Ind AS 115. Upfront non-refundable payments received under these arrangements continue to be deferred and are recognized over the expected period that related services are to be performed.
- Dividend income is accounted for when the right to receive the income is established.
- Difference between the sale price and carrying value of investment is recognised as profit or loss on sale / redemption on investment on trade date of transaction.
- Interest income is accrued on, time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

3.2 Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases. Leases under which the Company assumes substantially all the risks and rewards of ownership are classified as finance leases. Such assets are capitalized at fair value of the asset or present value of the minimum lease payments at the inception of the lease, whichever is lower. Assets held under leases that do not transfer substantially all the risks and reward of ownership are not recognized in the balance sheet.

Lease payments under operating lease are generally recognised as an expense in the statement of profit and loss on a straight-line basis over the term of lease unless such payments are structured to increase in line with the expected general inflation to compensate for the lessor's expected inflationary cost increases. Further, at the inception of above arrangement, the Company determines whether the above arrangement is or contains a lease. At inception or on reassessment of an arrangement that contains a lease, the Company separates a payments and other consideration required by the arrangement into those for the lease and those for other elements on the basis of their relative fair values.

If the Company concludes for a finance lease that it is impracticable to separate the payments reliably, then an asset and a liability are recognised at an amount equal to the fair value of the underlying asset; subsequently, the liability is reduced as payments are made and an imputed finance cost on the liability is recognised using the Company's incremental borrowing rate.

Minimum lease payments made under finance leases are apportioned between the finance charge and the reduction of the outstanding liability. The finance charge is allocated to each period during the lease term so as to produce a constant periodic rate of interest on the remaining balance of the liability.

3.3 Foreign currencies

In preparing the financial statements of the Company, transactions in currencies other than the company's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

3.4 Borrowing costs

Specific borrowing costs that are attributable to the acquisition, construction or production of a qualifying asset are capitalized as part of the cost of such asset till such time the asset is ready for its intended use and borrowing costs are being incurred. A qualifying asset is an asset that necessarily takes a substantial period of time

to get ready for its intended use. All other borrowing costs are recognised as an expense in the period in which they are incurred. Borrowing cost includes interest expense, amortization of discounts, ancillary costs incurred in connection with borrowing of funds and exchange difference arising from foreign currency borrowings to the extent they are regarded as an adjustment to the Interest cost.

3.5 Taxation

Income tax expense consists of current and deferred tax. Income tax expense is recognized in the income statement except to the extent that it relates to items recognized directly in equity, in which case it is recognized in equity.

Current tax

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax

Deferred tax is recognized using the balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognized for the following temporary differences: the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit; differences relating to investments in subsidiaries and jointly controlled entities to the extent that it is probable that they will not reverse in the foreseeable future; and taxable temporary differences arising upon the initial recognition of goodwill. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date. Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously. A deferred tax asset is recognized to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

3.6 Earnings per share

The Company presents basic and diluted earnings per share ("EPS") data for its ordinary shares. The basic earnings per share is computed by dividing the net profit attributable to equity shareholders for the period by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit

attributable to equity shareholders for the year relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share.

3.7 Treasury shares (Shares held by the ESOP Trust) The Company has created an Employee Stock Option Plan Trust (ESOP Trust) for providing share-based payment to its employees. The Company uses the trust as a vehicle for distributing shares to employees under the employee remuneration schemes. The Company allots shares to the ESOP Trust or acquires shares from the open market. The Company treats the ESOP trust as its extension and shares held by ESOP Trust are treated as treasury shares. Share options exercised during the reporting period are satisfied with treasury shares. The consideration paid for treasury shares including any directly attributable incremental cost is presented as a deduction from total equity, until they are cancelled, sold or reissued. When treasury shares are sold or reissued subsequently, the amount received is recognized as an increase in equity, and the resulting surplus or deficit on the transaction is transferred to/ from retained earnings.

3.8 Property, plant and equipment

The initial cost of PPE comprises its purchase price, including import duties and non-refundable purchase taxes, and any directly attributable costs of bringing an asset to working condition and location for its intended use, including relevant borrowing costs and any expected costs of decommissioning, less accumulated depreciation and accumulated impairment losses, if any. Expenditure incurred after the PPE have been put into operation, such as repairs and maintenance, are charged to the Statement of Profit and Loss in the period in which the costs are incurred. If significant parts of an item of PPE have different useful lives, then they are accounted for as separate items (major components) of PPE. Material items such as spare parts, stand-by equipment and service equipment are classified as PPE when they meet the definition of PPE as specified in Ind AS 16 – Property, Plant and Equipment.”

3.9 Expenditure during construction period

Expenditure during construction period (including financing cost related to borrowed funds for construction or acquisition of qualifying PPE) is included under Capital Work-in-Progress, and the same is allocated to the respective PPE on the completion of their construction. Advances given towards acquisition or construction of PPE outstanding at each reporting date are disclosed as Capital Advances under “Other non-current Assets”.

3.10 Depreciation

Depreciation is the systematic allocation of the depreciable amount of PPE over its useful life and is provided on a straight-line basis over the useful lives as prescribed in Schedule II to the Act or as per technical assessment.

Depreciable amount for PPE is the cost of PPE less its estimated residual value. The useful life of PPE is the period over which PPE is expected to be available for use by the Company, or the number of production or similar units expected to be obtained from the asset by the Company.

The Company has componentised its PPE and has separately assessed the life of major components. In case of certain classes of PPE, the Company uses different useful lives than those prescribed in Schedule II to the Act. The useful lives have been assessed based on technical advice, taking into account the nature of the PPE and the estimated usage of the asset on the basis of management’s best estimation of obtaining economic benefits from those classes of assets.

Such classes of assets and their estimated useful lives are as under:

Particulars	Useful life
Buildings	30 years
Plant and Machinery	15 years
Electrical Equipment	10 years
Office Equipment	5 years
Computers	3 years
Furniture and Fixtures	10 years
Vehicles	8 years
Tools and Spares	15 years

Depreciation on additions is provided on a pro-rata basis from the month of installation or acquisition and in case of Projects from the date of commencement of commercial production. Depreciation on deductions/disposals is provided on a pro-rata basis up to the date of deduction/disposal.

3.11 Inventories

Inventories are valued as follows:

- Raw materials, fuel, stores & spare parts and packing materials:
Valued at lower of cost and net realisable value (NRV). However, these items are considered to be realisable at cost, if the finished products, in which they will be used, are expected to be sold at or above cost. Cost is determined on weighted average basis.
- Work-in- progress (WIP), finished goods and stock-in-trade:
Valued at lower of cost and NRV. Cost of Finished goods and WIP includes cost of raw materials, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost of inventories is computed on weighted average basis.

3.12 Cash and cash equivalents

Cash and cash equivalents in the Balance Sheet comprise cash at bank and in hand and short-term deposits with banks that are readily convertible into cash which are subject to insignificant risk of changes in value and are held for the purpose of meeting short-term cash commitments.

3.13 Cash flow statement

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated. Bank overdrafts are classified as part of cash and cash equivalent, as they form an integral part of an entity's cash management.

3.14 Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with.

Where the Company receives non-monetary grants, the asset and the grant are accounted at fair value and recognised in the statement of profit and loss over the expected useful life of the asset.

3.15 Impairment of non financial assets

The carrying amounts of the Company's non-financial assets, inventories and deferred tax assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

The recoverable amount of an asset or cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or the cash-generating unit. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

An impairment loss is recognized in the income statement if the estimated recoverable amount of an asset or its cash-generating unit is lower than its carrying amount. Impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized."

3.16 Employee benefits

Short-term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognized for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Defined contribution plans

The Company's contributions to defined contribution plans are charged to the income statement as and when the services are received from the employees.

Defined benefit plans

The liability in respect of defined benefit plans and other post-employment benefits is calculated using the projected unit credit method consistent with the advice of qualified actuaries. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates of high-quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating to the terms of the related defined benefit obligation. In countries where there is no deep market in such bonds, the market rates on government bonds are used. The current service cost of the defined benefit plan, recognized in the income statement in employee benefit expense, reflects the increase in the defined benefit obligation resulting from employee service in the current year, benefit changes, curtailments and settlements. Past service costs are recognized immediately in income. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the income statement. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to equity in other comprehensive income in the period in which they arise.

Termination benefits

Termination benefits are recognized as an expense when the Company is demonstrably committed, without realistic possibility of withdrawal, to a formal detailed plan to either terminate employment before the normal retirement date, or to provide termination benefits as a result of an offer made to encourage voluntary redundancy. Termination benefits for voluntary redundancies are recognized as an expense if the Company has made an offer encouraging voluntary redundancy, it is probable that the offer will be accepted, and the number of acceptances can be estimated reliably."

3.17 Provisions

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

3.18 Contingent liabilities & contingent assets

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably

will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are not recognised in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

3.19 Financial instruments

a. Recognition and Initial recognition

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issues of financial assets and financial liabilities that are not at fair value through profit or loss, are added to the fair value on initial recognition. A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

b. Classification and Subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at

- amortised cost;
- FVTPL

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All financial assets not classified as measured at amortised cost as described above are measured at FVTPL. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets: Business model assessment

The Company makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Company's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how managers of the business are compensated – e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Company's continuing recognition of the assets.

Financial assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Company considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable interest rate features;
- prepayment and extension features; and
- terms that limit the Company's claim to cash flows from specified assets (e.g. non-recourse features).

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a financial asset acquired at a significant discount or premium to its contractual par amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

Financial assets: Subsequent measurement and gains and losses

Financial assets at FVTPL: These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.

Financial assets at amortised cost: These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

Financial liabilities: Classification, Subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

c. Derecognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of

the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset. If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in profit and loss statement."

d. Offsetting

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information.

Measurement of expected credit losses

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive).

Presentation of allowance for expected credit losses in the balance sheet

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the trade receivable does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

34 Segment information

Ind AS 108 "Operating Segment" ("Ind AS 108") establishes standards for the way that public business enterprises report information about operating and geographical segments and related disclosures about products and services, geographic areas, and major customers. Based on the "management approach" as defined in Ind AS 108, Operating segments and geographical segments are to be reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM). The CODM evaluates the Company's performance and allocates resources on overall basis. The Company's sole operating segment is therefore 'Electromechanical components and systems and allied components and services' and the sole geographical segment is 'India'. Accordingly, there are no additional disclosure to be provided under Ind AS 108, other than those already provided in the financial statements.

(Amount in ₹)

Expenses recognised in statement of profit and loss	31 March 2019	31 March 2018
Service cost	17,24,655	22,40,049
Interest cost	4,63,152	2,74,426
Gratuity cost	21,87,807	25,14,475
Re-measurement gains/ (losses) in OCI		
Actuarial gain / (loss) due to demographic assumption changes -	(12,80,900)	(60,169)
Return on plan assets greater (less) than discount rate	(82)	(13,926)
Total expenses routed through OCI	(12,80,982)	(74,095)

Assumptions	31 March 2019	31 March 2018
Discount rate	7.65% p.a.	7.77% p.a.
Future salary increases	4.00% p.a.	4.00% p.a.
Employee turnover		

A quantitative sensitivity analysis for significant assumption and its impact on projected benefit obligation are as follows:

Assumptions	31 March 2019	31 March 2018
Effect of + 1% change in rate of discounting	8.4	6.71
Effect of - 1% change in rate of discounting	-7.19	-5.84
Effect of + 1% change in rate of salary increase	19.08	9.27
Effect of - 1% change in rate of salary increase	-14.82	-9.79

The sensitivity analyses above have been determined based on a method that extrapolates the impact on projected benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

37 Dues to Micro, small and medium enterprises

The Company is required to furnish required details under section 22(i) to clause (v) of Micro, Small and Medium Enterprises Development Act, 2006 (MSMED ACT) readwith para FV of General Instructions for balance sheet in Division II of Schedule III to the Companies Act, 2013 (the ACT). As per the said regulations required information in respect of MSMED entities are, as per information submitted by the suppliers to the Company, furnished below:

(Amount in ₹)

Particulars	31 March 2019	31 March 2018
a) Principal amount due to suppliers registered under the MSMED Act and remaining unpaid as at year end. (all dues were paid before year end)	Nil	Nil
b) Interest due to suppliers registered under the MSMED Act and remaining unpaid as at year end;	Nil	Nil
c) Interest paid, under Section 16 of MSMED Act, to suppliers registered under the MSMED Act, beyond the appointed day during the year	Nil	Nil
d) Principal payment made to suppliers registered under the MSMED Act, beyond the appointed day during the year;	96,73,224	Nil
e) Interest paid, other than under section 16 of MSMED Act, to suppliers registered under the MSMED Act, beyond the appointed day during the year	Nil	Nil
f) Interest due and payable for the year amount of interest accrued and remaining unpaid at the end of each year towards suppliers registered under MSMED Act, for payments already made; and	1,95,488	Nil
g) Further interest remaining due and payable for even in succeeding years.	1,95,488	Nil

The above information is compiled based on information available with the Company and relied upon by the auditors.

38 Leases

Where the Company is a lessee:

The Company has taken various office under operating leases. The leases typically run for a term ranging from one to three years, with an option to renew the lease after the term completion. The escalation clause in these arrangement ranges from 5% to 10%.

i) Future minimum lease payments under non-cancellable operating leases are as follows:

(Amount in ₹)		
Particulars	31 March 2019	31 March 2018
Not later than 1 year	-	-
Later than 1 year and not later than 5 years	-	-
Later than 5 years	-	-

ii) Amounts recognised in statement of profit and loss:

(Amount in ₹)		
Particulars	31 March 2019	31 March 2018
Cancellable lease expense	15,96,000	18,38,200
Non - cancellable lease expense	-	-
Total	15,96,000	18,38,200

39 Earnings per share

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year.

Diluted EPS amounts are calculated by dividing the profit attributable to equity holders by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity Shares.

The following table sets out the computation of basic and diluted earnings per share:

(Amount in ₹)		
Particulars	31 March 2019	31 March 2018
Profit for the year attributable to equity share holders	29,11,85,266	19,16,65,200
Shares		
Weighted average number of equity shares outstanding during the year – basic	2,07,58,886	1,53,79,107
Weighted average number of equity shares outstanding during the year – diluted	2,07,63,270	1,58,66,778
Earnings per share		
Earnings per share of par value ₹10 – basic (₹)	14.03	12.46
Earnings per share of par value ₹10 – diluted (₹)	14.02	12.08

40 Financial risk management objectives and policies

The Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance and support Company's operations. The Company's principal financial assets include inventory, trade and other receivables, cash and cash equivalents and refundable deposits that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarized below.

a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: interest rate risk and other price risk, such as equity price risk and commodity/real estate risk. Financial instruments affected by market risk include loans and borrowings and refundable deposits. The sensitivity analysis in the following sections relate to the position as at March 31, 2019 and March 31, 2018. The sensitivity analyses have been prepared on the basis that the amount of net debt and the ratio of fixed to floating interest rates of the debt. The analysis excludes the impact of movements in market variables on: the carrying values of gratuity and other post retirement obligations; provisions.

The below assumption has been made in calculating the sensitivity analysis:

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2019 and March 31, 2018.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings. The Company does not enter into any interest rate swaps.

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Particulars	Effect on profit before tax	Increase/decrease in interest rate
March 31, 2019		
INR	+1%	(1,08,08,002)
INR	-1%	1,08,08,002
March 31, 2018		
INR	+1%	(86,65,187)
INR	-1%	86,65,187

b) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The credit risk arises principally from its operating activities (primarily trade receivables) and from its investing activities, including deposits with banks and financial institutions and other financial instruments.

Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom credit has been granted after obtaining necessary approvals for credit. The collection from the trade receivables are monitored on a continuous basis by the receivables team.

The Company establishes an allowance for credit loss that represents its estimate of expected losses in respect of trade and other receivables based on the past and the recent collection trend and based on the analysis has not provided any provision for expected credit losses on trade receivables.

Credit risk on cash and cash equivalent is limited as the Company generally transacts with banks and financial institutions with high credit ratings assigned by international and domestic credit rating agencies.

c) Liquidity risk

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank deposits and loans.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments:

Particulars	On demand	Less than 3 months	3 to 12 months	1 to 5 years	>5 years	Total
Year ended March 31, 2019						
Borrowings	1,03,40,38,305	1,08,02,566	3,24,07,698	35,51,595	-	1,08,08,00,164
Trade payables	37,03,08,025	-	-	-	-	37,03,08,025
Year ended March 31, 2018						
Borrowings	73,46,20,476	2,23,40,005	6,70,20,015	4,25,38,198	-	86,65,18,694
Trade payables	93,22,99,220	-	-	-	-	93,22,99,220

41 Capital management

The Company's policy is to maintain a stable capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. Management monitors capital on the basis of return on capital employed as well as the debt to total equity ratio. For the purpose of debt to total equity ratio, debt considered is long-term and short-term borrowings. Total equity comprise of issued share capital and all other equity reserves.

The capital structure as of March 31, 2019 and March 31, 2018 was as follows:

Particulars	(Amount in ₹)	
	31 March 2019	31 March 2018
Total equity attributable to the equity shareholders of the Company	2,81,92,67,622	2,55,58,80,993
As a percentage of total capital	72.3%	74.7%
Long term borrowings including current maturities	4,67,61,859	13,18,98,218
Short term borrowings	1,03,40,38,305	73,46,20,476
Total borrowings	1,08,08,00,164	86,65,18,694
As a percentage of total capital	27.7%	25.3%
Total capital (equity and borrowings)	3,90,00,67,787	3,42,23,99,687

42 Standards issued but not effective

The standards issued, but not effective up to the date of issuance of the financial statements is disclosed below:

Ind AS 116 - Leases

On March 30, 2019, Ministry of Corporate Affairs has notified Ind AS 116, Leases. Ind AS 116 will replace the existing leases Standard, Ind AS 17 Leases, and related Interpretations. The Standard sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract i.e., the lessee and the lessor. Ind AS 116 introduces a single lessee accounting model and requires a lessee to recognize assets and liabilities for all leases with a term of more than twelve months, unless the underlying asset is of low value. Currently, operating lease expenses are charged to the statement of Profit & Loss. The Standard also contains enhanced disclosure requirements for lessees. Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17.

The effective date for adoption of Ind AS 116 is annual periods beginning on or after April 1, 2019. The standard permits two possible methods of transition:• Full retrospective – Retrospectively to each prior period presented applying Ind AS 8 Accounting Policies, Changes in Accounting Estimates and Errors• Modified retrospective – Retrospectively, with the cumulative effect of initially applying the Standard recognized at the date of initial application. Under modified retrospective approach, the lessee records the lease liability as the present value of there maining lease payments, discounted at the incremental borrowing rate and the right of use asset either as:• Its carrying amount as if the standard had been applied since the commencement date, but discounted at lessee's incremental borrowing rate at the date of initial application or• An amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments related to that lease recognized under Ind AS17 immediately before the date of initial application.Certain practical expedients are available under both the methods.

Other amendments to Indian Accounting Standards

The Ministry of Corporate Affairs (MCA), on 30 March 2019, issued certain amendments to Ind AS. The amendments relate to the following standards:

Ind AS 12 Appendix C, Uncertainty over Income Tax Treatments : On March 30, 2019, Ministry of Corporate Affairs has notified Ind AS 12 Appendix C, Uncertainty over Income Tax Treatments which is to be applied while performing the determination of taxable profit (or loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12. According to the appendix, companies need to determine the probability of the relevant tax authority accepting each tax treatment, or group of tax treatments, that the companies have used or plan to use in their income tax filing which has to be considered to compute the most likely amount or the expected value of the tax treatment when determining taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates. The standard permits two possible methods of transition - i) Full retrospective approach – Under this approach, Appendix C will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors, without using hindsight and ii) Retrospectively with cumulative effect of initially applying Appendix C recognized by adjusting equity on initial application, without adjusting comparatives.

Amendment to Ind AS 12 – Income taxes : On March 30, 2019, Ministry of Corporate Affairs issued amendments to the guidance in Ind AS 12, 'Income Taxes', in connection with accounting for dividend distribution taxes. The amendment clarifies that an entity shall recognise the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events. Effective date for application of this amendment is annual period beginning on or after April 1, 2019.

Amendment to Ind AS 19 – plan amendment, curtailment or settlement: On March 30, 2019, Ministry of Corporate Affairs issued amendments to Ind AS 19, 'Employee Benefits', in connection with accounting for plan amendments, curtailments and settlements. The amendments require an entity: to use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and to recognise in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling. Effective date for application of this amendment is annual period beginning on or after April 1, 2019.

The amendments are effective 1 April 2019. The Company believes that the aforementioned amendments will not materially impact the financial position, performance or the cash flows of the Company.

43 Prior year comparatives

The figures of the previous year have been regrouped/rearranged, where necessary, to conform with the current year's classification.

44 The figures have been rounded off to nearest rupee.
